## What's New for 2010?

### • Easier to read Form PR-1

You will notice that the Form PR-1 has been updated so that it can be read better by both people and our equipment. We are using new equipment that reads paper tax returns in order to save costs for all Montanans. You can help us maximize savings on processing costs by:

- Using black or blue ink, and
- Not stapling or taping anything to the tax return, correspondence, documents, voucher or check.

Also, we ask that you organize your return information in the following order (although some items may not apply to you):

1. Check and voucher
2. Correspondence
3. Tax return
4. Schedules
5. Additional documents

### • Change to refund interest for late returns

Beginning with tax year 2010, there will be a change to the amount of refund interest we may owe to the partnership when it files the original tax return after the extended due date. If we do not issue the refund to the partnership within 45 days, the interest will be calculated from the date we received the tax return, not the original due date.

## Changes to the Form

### Taxpayer Information

In the heading section, we require you to report your Montana Secretary of State identification number. When you registered to do business in Montana, you were given this number. To find out your identification number, please visit the Secretary of State's website at [sos.mt.gov](http://sos.mt.gov), and search for your business name under the Business Services section.

We also added a checkbox in the heading section of the form to indicate if the partnership is a publicly traded partnership.

### Schedule IV, Montana Partnership Composite Income Tax Schedule

We simplified the Schedule IV, Montana Partnership Composite Income Tax Schedule, in order to calculate the composite tax ratio for all participating partners. The composite tax ratio is calculated in Part I, using the partnership's Montana source income and the partnership's income from all sources. Part II is used to calculate the composite income tax per participating partner and the composite tax ratio is applied to the tax liability per partner.

### Montana Schedule K-1, Partner's/Shareholder's Share of Income (Loss), Deductions, Credits, etc.

The Montana Schedule K-1 is now required to be used by the partnership to provide information to all partners. The Montana Schedule K-1 provides Montana tax information that the partners will need to complete their Montana tax returns. Parts 1 and 2 are completed for all partners. Parts 3, 5 and 6 are completed only if there is any applicable information. Part 4 applies to nonresident partners only.

##### Line 16b

State, local and foreign income taxes based on income or profits have to be added back to the income.

##### Line 16c

Report all other additions.

Examples are:

- Compensation and expenditures used to compute the film production credit have to be included in the income of the year that the compensation and expenditures were incurred.
- If you were the owner of a business that received a tax credit from the Insure Montana Small Business Health Insurance program, you are not allowed a deduction for the premiums used to calculate the

credit. Because the credit cannot exceed 50% of the premiums, multiply the amount of credit you are claiming by two and enter the result on this line.

#### Line 17 – Partners' Distributive Share of Montana Deductions to Income

To compute Montana income taxable to partners, certain items are deducted from income. A detailed statement is required to be included with the tax return.

##### Line 17a

Interest on United States government obligations and mutual fund dividends attributable to that interest are exempt from Montana individual income tax but are included in determining Montana corporation license tax. Interest on obligations from U.S. territory or government agency obligations specifically exempt by federal law, and any mutual fund dividends attributable to this interest, are also exempt from Montana individual income tax.

Obligations that are guaranteed by the United States government are not tax exempt. These include Government National Mortgage Association (Ginnie Mae) bonds, Federal National Mortgage Association (Fannie Mae) bonds, or Federal Home Loan Mortgage Corporation (Freddie MAC) securities.

United States obligations that are exempt include:

- Series E, EE, F, G and H savings bonds

Form RCYL has to be included with your tax return if you file a paper return. If you file electronically, you represent that you have a copy in your records.

##### Line 17c

Report other deductions on this line, including the following:

- The amount of contributions made by a small business to its independent liability fund.
- A portion of an investment made in a building for the purpose of conserving energy. To qualify, the building has to be used in the entity's business and the result of the investment has to be a substantial

reduction in the amount of energy needed to render the building usable.

- Documented expenses for the donation of mineral exploration information to the Montana Tech Foundation.
- Multi-state partnerships should deduct any nonbusiness income that is allocated to a specific state. This income is not included in the partnership's income apportioned to Montana. Nonbusiness income that is allocated to Montana is entered on line 20.

### Line 18 – Net Taxable Income (Loss)

Add lines 15 and 16, then subtract line 17. If you are not a multi-state partnership, this is your net Montana taxable income (loss).

### Multi-state partnerships with Montana source income are required to complete lines 19 through 21.

#### Line 19 – Income Apportioned to Montana

For multi-state partnerships only, multiply the amount that is reported on line 18 by the apportionment percentage that you reported on line 5 of Schedule I, Apportionment Factors for Multistate Partnerships. See the instructions for Schedule I on page 6.

#### Line 20 – Income Allocated to Montana

For multi-state partnerships only, report any nonbusiness income allocated to Montana on this line. This is the same income deducted on line 17c. See FAQ 14 for "allocation of income" on page 15.

In addition, the partnership must include the following with Form PR-1:

- A statement showing each item of nonbusiness income, along with its related expenses.
- A statement explaining the basis for treating the item of income as nonbusiness income subject to allocation.
- If an item of nonbusiness income is allocated to a state other than Montana, a copy of that other state's income tax return must be included. If the partnership is not required to file an income tax return with the other state, the partnership must indicate this in the statement.

**Line 27 – Penalties and Interest****Line 27a – Partnership Information Tax Return Late Filing Penalty**

Please see 15-30-3302, MCA. A partnership is charged a late filing penalty if Form PR-1 is filed after the due date, including the automatic five month extension, unless the entity can show reasonable cause for not filing on time. The penalty is \$10 multiplied by the number of partners at the close of the tax year for each month or fraction of a month that the entity does not file the partnership information tax return. This penalty is calculated for up to five months.

**Please Note:** A late filing penalty is not imposed on an entity that has ten or fewer partners if the partners have filed the required tax returns or other required reports timely and have paid all taxes when due.

**Line 27b – Interest on Underpayment of Estimated Composite Taxes**

Please see 15-30-3312, MCA. The partnership is required to make estimated tax payments throughout the year if it expects to owe a composite income tax liability of at least \$500. If the partnership was required to make estimated composite tax payments and it did not remit the

required amounts, you will have to pay interest on any underpayment. Calculate the amount of the underpayment interest using Worksheet I below.

**Worksheet I – Calculation of Underpayment Interest**

In 2010, the partnership was required to pay through estimated installments, the smaller of:

- 90% of the current year's total composite tax liability, or
- an amount equal to 100% of the previous year's total composite tax liability.

If your partnership does not meet one of the above two requirements, the composite tax is subject to underpayment interest.

Payments made with extensions are not considered estimated payments.

Worksheet I - Short Method	
1.	Enter your total 2010 composite tax reported on Form PR-1, line 22.
2.	Enter 90% of line 1 above.
3.	Enter the total of lines 24e, 25a and 25d reported on Form PR-1.
4.	Subtract line 3 from line 1. If the result is \$500 or less, you do not need to complete the rest of the form. You do not owe interest on your underpayment.
5.	Enter your 2009 composite tax from your 2009 Form PR-1, line 22.
6.	Enter the smaller of line 2 or line 5.
7.	Enter the amount from line 3 plus any estimated payments made and reported on Form PR-1, line 25b.
8.	Subtract line 7 from line 6. This is your total underpayment for the year. If zero or less, stop here. You do not owe interest on your underpayment.
9.	Multiply line 8 by 0.05320 and enter the result.
10.	If the amount on line 8 was paid on or after the due date of your PR-1, enter zero. If the amount on line 8 was paid before the due date of your PR-1, multiply the amount on line 8 times the number of days paid before the due date of the information tax return. Multiply the result by 0.0002192.
11.	Subtract line 10 from line 9. This is your underpayment interest. Enter the result here and on Form PR-1, line 27b.

### Line 27c – Composite Income Tax Return Late Filing Penalty

If you are late in filing your Partnership Information and Composite Tax Return (Form PR-1), a late filing penalty of \$50 or the amount of composite tax owing, whichever is smaller, will be charged. There is no late filing penalty for the composite tax return if there was an overpayment of composite tax and you are receiving a refund.

### Line 27d – Late Payment Penalty

If you have not paid all of your tax liability (line 26) by the due date of your partnership tax return, you will need to pay a late payment penalty. Your late payment penalty is 1.2% per month or part of a month on the unpaid amount from the original due date until it is paid. This penalty cannot exceed 12% of your tax liability on line 26.

**Please Note:** If you file an amended tax return that reflects an increased tax liability, you may have the late payment penalty waived. To receive the waiver, simply check the "Amended Return" box on the tax form and pay the tax and applicable interest in full when you file the amended return. By checking this box and paying all tax and interest, you are treated as having requested a waiver of the late payment penalty.

### Line 27e – Interest

Compute interest on any tax liability (line 26) that you have not paid by the due date of your tax return and enter the total here.

If 100% of your tax liability is not paid by April 15, 2011 (for a calendar year tax return), interest is due at a rate of 8% per year, computed daily on your unpaid balance.

To calculate your interest, multiply line 26 by 0.02192% (0.0002192) times the number of days after April 15, 2011 your tax is paid.

**Please Note:** A valid extension of time to file your tax return does not extend the due date to pay your income tax liability after April 15, 2011.

### Line 27f – Total Penalties and Interest

Add lines 27a through 27e and enter the total.

### Line 28

Add lines 26 and 27f; enter the result here.

### Line 29 – Amount You Owe

If the amount on line 28 is greater than zero, enter it on this line. This is the amount due with your tax return. You can pay the amount you owe by:

- Electronic funds withdrawal when electronically filing your tax return OR
- Pay the amount due to the Montana Department of Revenue and include the completed Montana

Partnership Tax Payment Voucher that is inserted in this booklet with your tax return to:

Montana Department of Revenue  
PO Box 8021  
Helena, MT 59604-8021.

You can also visit our website at [revenue.mt.gov](http://revenue.mt.gov) to print a voucher to submit with your payment (look for downloadable forms). This will ensure the payment is properly credited to your account.

### Line 30 – Overpayment

If the amount on line 28 is less than zero, enter it on this line. This is the amount you have overpaid.

### Line 31 – 2011 Estimated Tax Payments

All or part of the refund that you reported on line 30 can be refunded or carried over as your 2011 estimated tax payment. Enter the amount of the refund reported on line 30 that you want to be applied to your 2011 estimated tax.

### Line 32 – Refund

Subtract line 31 from line 30 and enter the result here. This is the amount of the refund that will be issued.

If you are requesting a refund, please check the box located in the top portion of Form PR-1, page 1.

If you would like to use direct deposit, enter your financial institution's routing number (RTN#) and your account number (ACCT#) in the space provided. Your routing number will be nine digits and your account number can be up to 17 characters, including numbers and letters. Mark whether your account is a checking or savings account and if your refund will go to a bank outside of the United States and its territories (Midway Islands, Puerto Rico, American Samoa, US Virgin Islands, Federated States of Micronesia, and Guam).

If your financial institution does not accept the direct deposit, we will mail you a refund check.

## Schedule I. Apportionment Factors for Multistate Partnerships Instructions

### Schedule I applies only to multi-state partnerships.

In most cases, multi-state partnerships with a Montana filing obligation have to compute their income taxable to partners by means of the apportionment factor calculated on Schedule I. The apportionment factor is the standard UDITPA (Uniform Division of Income for Tax Purposes Act) three-factor formula of property, payroll and sales.

When a partnership is engaged in a unitary business both inside and outside Montana, the net income assignable to Montana has to be determined using the apportionment factor. A partnership is unitary when the operations of that business within the state depend on or contribute to the operations of that business outside the state. Schedule I has to be completed fully by every partnership that carries on a unitary business both inside and outside the state.

If you have determined the income that you attribute to Montana on some basis other than the apportionment method, you have to include a full and detailed description of your business operation along with an explanation of the method that you proposed. If you use an alternative method of determining your Montana income taxable to partners, you will still need to complete and submit Schedule I.

The following is a detailed explanation of how to calculate the apportionment factor. To calculate each of the factors, use the following formula: column B divided by column A, multiplied by 100. Round out to the fourth decimal (example: 25.5555%).

### Property Factor (Line 1, Schedule I)

Please see 15-1-601, MCA. The property factor is a fraction. The numerator is the average value of the partnership's real and tangible personal property owned, leased or rented and used in Montana in the production of business income during the tax period. Enter the numerator values in column B of Schedule I. The denominator is the average value of all of the partnership's real and tangible personal property owned, leased or rented and used in the production of business income during the tax period. Enter the denominator values in column A of Schedule I.

Property owned by the partnership is valued at its original cost. Real and tangible personal property that is used in the business includes land, building, machinery, equipment, stocks of goods, inventories, and other tangible property actually used in connection with the production of the business income to be apportioned. It does not include money, accounts receivable, or other intangible property, real property that is held for investment or nonbusiness purposes, or idle property of any nature.

To the extent that it is utilized in Montana, migratory property has to be included in the numerator.

Unless we otherwise require it, the average value of owned property has to be determined by averaging the values at the beginning and ending of the tax period.

All property that you rent has to be valued at eight times the net annual rental rate. Rental expense cannot be averaged. You have to use your rental expense for the current year in the property factor.

### Payroll Factor (Line 2, Schedule I)

Please see 15-1-601, MCA. The payroll factor is a fraction. The numerator is the total amount that you paid for compensation attributable to the production of business income during the tax period in Montana. Enter the numerator values in column B of Schedule I. The denominator is the total amount that you paid for compensation attributable to the production of business income during the tax period. Enter the denominator values in column A of Schedule I.

Payroll is considered to be paid in Montana if:

- the base of operations is in Montana,
- there is no base of operations and the place from which the service is directed or controlled is in Montana, or
- the base of operations or the place from which the service is directed or controlled is not in a state where some part of the service is performed but the person who provides the service is located in Montana.

### Sales Factor (Line 3, Schedule I)

Please see 15-1-601, MCA. Sales mean all gross receipts of the partnership exclusive of nonbusiness income and inter-company transactions. The sales factor is a fraction. The numerator is the partnership's total sales in Montana during the tax period. Enter the numerator values in column B of Schedule I. The denominator is the partnership's total sales everywhere during the tax period. Enter the denominator values in column A of Schedule I.

Sales of tangible personal property are in Montana if:

- the property is delivered or shipped to a purchaser in Montana, other than the United States government; or
- the property is shipped from Montana and the partnership is not taxable in the state of the purchaser.

Sales other than sales of tangible personal property are in the state if:

- the income-producing activity is performed in Montana or
- the income-producing activity is performed both inside and outside Montana and a greater proportion of the income-producing activity is

performed in Montana than in any other state, based on costs of performance.

## Schedule II. Montana Partnership Tax Credits Instructions

A tax credit claimed by a partnership has to be attributable to its partners using the same proportion that was used to report the partnership's income or loss for Montana income tax purposes. You need to provide to your partner a Montana Schedule K-1 that shows how much credit is available to the partner and a copy of the credit form that was used to calculate the credit.

Montana credits are passed through from a partnership to the partners. Partners determine any necessary limitations when reporting the credit on their tax returns. Unused credits may not be redistributed to other partners. For example, if the ownership of the partnership consists of a resident partner and a nonresident partner, the nonresident partner's share of a credit could not be claimed by the resident partner even though the nonresident partner is not eligible to use it.

The tax credits cannot be taken as a credit against a composite tax reported on the Form PR-1.

For detailed tax credit instructions and forms, please visit our website at [revenue.mt.gov](http://revenue.mt.gov). If you are eligible for a credit, please include the appropriate form with the tax return. If you file electronically, you represent that you kept a copy in your records and will provide it to the department if we ask.

## Schedule III. Montana Partnership Information Instructions

### Montana Partnership Information

Include all partners on this form. If you need additional space, you may make copies of Schedule III, or you may use a document with columns ordered as shown. We do not accept copies of federal Schedule K-1 in place of a completed Schedule III. If Schedule III is not completed, the processing of your return will be delayed until we receive this information.

## Partner Information

Complete Section A, columns A through D, for all partners who are resident individuals, estates or trusts, or C corporations that are doing business in Montana and filing Montana corporation license tax returns.

Complete Section B, columns A through H, for each partner who is a nonresident individual, foreign C corporation or a second tier pass-through entity.

Please complete the information located on the top right hand corner of Schedule III, as follows:

- **Partner Withholding**

Check the "yes" box if partner withholding applies. Otherwise check the "no" box.

- **Composite Income Tax**

Check the "yes" box if one or more of the partners elected to be included in the composite tax return. Otherwise check the "no" box.

- **Number of Partners**

Enter amounts for the number of resident partners, the number of nonresident partners and the total number of partners accordingly. You should include partners that had any interest in the partnership at any time during the tax year. For purposes of this item, consider C corporations that are doing business in Montana and filing Montana corporation license tax returns as "residents." If you do not know the residency status of a partner or whether a C corporation is doing business in Montana and filing Montana corporation license tax returns, for purpose of this item consider them "nonresidents."

## Section A. Resident Partners

### Column A – Name and Address of Partner

Enter the name and complete mailing address of each partner. Include the street address or post office box, city, state and zip code.

### Column B – Identification Number

If the partner is an individual, enter the social security number (SSN) as it appears on the federal Schedule K-1 in the appropriate box. If the partner is a C corporation that is doing business in Montana and filing Montana corporation license tax return, or a trust or estate that is filing a Montana fiduciary return as a resident, enter the federal employer identification number (FEIN) as it appears on the federal Schedule K-1 in the appropriate box.

### Column C – Ownership %

Enter each partner's ownership percentage. This percentage is used to calculate the partner's share of income or (loss).

## Column D – Montana Source Income

Enter the partner's share of the partnership's Montana source income (loss). The share of Montana source income is the aggregate of the partner's share of income, gain, losses, deductions or other expenses of the partnership.

## Section B. Nonresident Partners

### Columns A through D

See the instructions for Resident Partners in Section A above.

### Column E – Federal Income from Entity

Enter the partner's share of the partnership's total federal income from all sources that you reported on your federal Schedule K-1. This includes the aggregate of the partner's share of income, gain, losses, deductions or other expenses of the partnership for federal income tax purposes.

### Columns F through H – For Nonresident Partners

You will only fill out one of the columns F through H for each nonresident partner.

### Column F – Composite Income Tax

Enter the amount of composite income tax for each partner that you calculated on Schedule IV, Column H. Transfer the total of this column to page 2, line 22 of Form PR-1. This amount is reported on the Montana Schedule K-1 for each partner.

### Column G – Partner Withholding

If you have a partner who is a nonresident individual, foreign C corporation, or second tier pass-through entity owner at any time during the year, you have to remit taxes on their behalf if:

- the nonresident individual or foreign C corporation:
  - did not provide you with a completed Form PT-AGR; and
  - is not participating in the partnership's composite tax return.
- the second tier pass-through entity owner:
  - did not provide you with a completed Form PT-STM that identified all of its owners; and
  - is not participating in the partnership's composite return.

Enter the amount of Montana tax you are remitting on behalf of each partner. For a nonresident individual and a second tier pass-through entity, the amount required to be remitted is 6.9% of the Montana source income reported in Column D. For a foreign C corporation, the amount required to be remitted is 6.75% of the Montana source

income reported in Column D. Transfer the total of this column to page 2, line 23 of the Form PR-1.

Payments made by the partnership on the partner's behalf are reported to the partner on the Montana Schedule K-1 or Form PT-WH.

### Column H – Consent Agreement and Second Tier Statement

There are two types of documents provided by partners to the partnership that are reported here, depending on the partner:

1. Form PT-AGR is an agreement that has to be completed by a nonresident individual or foreign C corporation. The partner agrees to timely file a Montana tax return, pay all taxes and be subject to the personal jurisdiction of Montana. The partner completes the agreement and returns it to the partnership. The partnership is not required to include a new Form PT-AGR each year, but it has to include currently effective agreements for each new nonresident individual or foreign C corporation.
2. Form PT-STM has to be completed by any second tier pass-through entity owner that does not participate in a composite return you file on its behalf. This form has to identify the owners of the second tier pass-through entity in order to establish that its share of your Montana source income will be fully accounted for in Montana individual or corporation license tax returns filed with us. Form PT-STM has to be filed each year that the partnership has a partner that is a pass-through entity owner.

Enter the year that the agreement, PT-AGR, or statement, PT-STM, was provided to us. If you are providing the agreement or statement to us this year, enter "2010."

### Schedule IV. Montana Partnership Composite Income Tax Schedule Instructions

If you need additional space, you may make copies of Schedule IV, or you may use a document with columns ordered as shown.

A partnership can elect to file a composite tax return and pay a composite tax on behalf of a participating eligible partner. Partners who are nonresident individuals and who properly elect to participate in the composite tax return are relieved of the obligation to file a Montana income tax return. However, if the nonresident partner has other Montana source income, and that income is from other pass-through entities that are not electing to file a composite return and pay a composite tax on their behalf, then the nonresident partner is not eligible to elect to participate in your composite return.

The tax credits from Schedule II cannot be applied to reduce your composite tax. The tax credits may be used only by your partners to offset income or corporation license tax reported on their Montana individual income or corporation license tax return.

A partnership can include a partner in filing a composite tax return only if the partner has provided the partnership with a power of attorney that authorizes the partnership to file the composite return and act on their behalf. Do not submit the power of attorney with the tax return, but retain it as authorization from the partner and for use in subsequent years.

If you file a composite tax return, you are responsible for:

- remitting the composite tax to us,
- paying any additional tax, penalty and interest we assess for the composite tax liability,
- representing the participants in any appeals, claims for refunds, hearing or court proceeding, and
- making quarterly estimated payments of the composite tax.

### Part I

Enter the number of partners participating in the composite income tax return.

Enter the composite tax ratio. Carry to 4 decimal places and do not enter more than 1.0000.

The composite tax ratio is the ratio of the partnership's Montana source income to the partnership's income from all sources for federal income tax purposes.

For a partnership doing business only in Montana, all of its income is Montana source income and is reported on line 18 of Form PR-1. The partnership's income from all sources for federal income tax purposes is reported on line 15 of Form PR-1.

**Example:** Assume that Partnership XYZ only does business in Montana. XYZ's total federal income from all sources reported on Form PR-1, line 15 is \$60,000. XYZ's Montana source income reported on Form PR-1, line 18 is \$55,000. The composite tax ratio is  $\$55,000/\$60,000 = 0.9167$ .

For a multi-state partnership, its Montana source income is reported on line 21. The partnership's income from all sources for federal income tax purposes is reported on line 15 of Form PR-1.

**Example:** Assume that Partnership ABC is a multi-state partnership. ABC's total federal income from all sources reported on Form PR-1, line 15 is \$60,000. ABC's Montana source income reported on Form PR-1, line 21 is \$15,000. The composite tax ratio is  $\$15,000/\$60,000 = 0.2500$ .

The composite tax ratio is used to determine the participating partner's composite tax liability calculated in Part II, Column H.

## Part II

### Column A – Name of Eligible Participating Partner

List the name of the participating partner as it appears on your Form PR-1, Schedule III.

### Column B – Social Security Number (SSN) or Federal Employer Identification Number (FEIN)

Enter the SSN or FEIN of the participating partner as it appears on Form PR-1, Schedule III.

### Column C – Partner's Share of Federal Income from Entity

Enter the participating partner's share of the partnership's total federal income (loss) from all sources that you reported on Schedule III.

### Column D – Standard Deduction

Each eligible participating partner is allowed one standard deduction equal to 20% of column C, but not less than \$1,770 or more than \$3,990.

### Column E – Exemption

Each participating partner is allowed one exemption of \$2,130.

### Column F – Calculate Montana Taxable Income

Subtract the amounts in Column D and Column E from Column C. Enter the amount in this column, but not less than \$0.

### Column G – Tax from Tax Table

If the result in Column F is greater than \$0, use the tax table at the bottom of Schedule IV to calculate the tax on the amount in Column F. Enter the result in this column. Enter \$0 if the amount in Column F is \$0.

### Column H – Montana Composite Income Tax Liability

If the amount in Column G is greater than \$0, multiply the amount in Column G by the composite tax ratio from Part I and enter the result. If the amount in Column G is \$0, enter \$0. This is the participant's Montana composite tax liability.

**Example:** Assume that Partnership ABC's composite tax ratio is 0.2500 (Part I). Also assume that Partner X is a participating partner with a 10% interest in the partnership's income, gain, loss, or deduction. The federal income from all sources is \$60,000 and Partner X's share is \$6,000. The participating partner's composite tax liability is:

Partner's share of partnership federal income from all sources (Column C)	\$ 6,000
Standard deduction (Column D)	(\$1,770)
Exemption allowance (Column E)	(\$2,130)
Result of Column C minus Columns D and E (Column F)	\$2,100
Using the tax rates shown on Schedule IV, the tax (Column G) on \$2,100	\$21
The Montana composite income tax (Column H) is \$21 x 00.2500	\$5

## Schedule VI. Reporting of Special Transactions Instructions

Check the appropriate boxes indicating which forms were filed with the IRS. If any statements are answered "Yes," you will have to include a copy of the applicable form.

For purposes of statement 5, "related party" has the same meaning given the term in Section 267(b) or Section 707(b) of the IRC; 26 USC 267(b) or 26 USC 707(b).

## Montana Schedule K-1 Instructions

Montana Schedule K-1 (Form CLT-4S and PR-1), Partner's/Shareholder's Share of Income (Loss), Deductions, Credits, etc., is required to be used by the partnership to provide information that the partner will need to complete their Montana income tax return.

Beginning with the 2010 tax year, the Montana Schedule K-1 is required for all partners. Parts 1 and 2 must be completed for all partners. Complete Parts 3, 5 and 6 only if there is any applicable information for these parts for the partners. Part 4 applies to nonresident partners only.

The partnership has to prepare a Montana Schedule K-1 for each partner who was a partner at any time during the tax year. The partnership will include a copy of each partner's Montana Schedule K-1 with the Form PR-1 filed with the department. A copy is kept as part of the partnership's records and each partner is given their own separate copy (with a copy of the Partner's/Shareholder's Instructions).

You have to report all partners' applicable information on the Montana Schedule K-1, including those partners who elect to participate in a composite tax return.

### 1 Who has to file Form PR-1?

A partnership that has Montana source income has to file an annual Montana Partnership Information and Composite Tax Return (Form PR-1).

### 2 When is the partnership's information and composite tax return due?

Your Montana filing period is the same as your federal filing period. Form PR-1 is due following the close of the tax year for:

- calendar year partnership – on or before April 15
- fiscal year partnership – on or before the 15th day of the 4th month

If the due date falls on a weekend or a holiday, the tax return is due on the next business day.

### 3 What forms and schedules have to be filed by a partnership?

When you file Form PR-1 on paper, please include a complete copy of the federal Form 1065, U.S. Return of Partnership Income, with all federal Schedule(s) K-1, all statements and all documents included.

### • Montana Resident Partners

If the ownership of the partnership consists only of Montana resident partners, you are required to complete:

- Form PR-1, pages 1 and 2;
- Schedule II, Montana Partnership Tax Credits, if applicable;
- Schedule III, Section A, Montana Partnership Information;
- Schedule VI, Reporting of Special Transactions, if applicable; and
- Montana Schedule K-1, Partner's Share of Income (Loss), Deductions, Credits, etc.

We do not accept copies of federal Schedule K-1 in place of a completed Schedule III. If Schedule III is not completed, including the partner's identification number, the processing of your return will be delayed until we receive this completed schedule.

### • Nonresident Partners

In addition to the information reported above, additional filing and remittance requirements are required for those partnerships that have a partner who is a nonresident individual, a foreign C corporation or a pass-through entity at any time during the tax year.

- **Schedule III**, Section B, Montana Partnership Information.
- **Form PT-AGR** (Montana Pass-Through Entity Owner Tax Agreement) is an agreement that has to be completed by the nonresident individual or foreign C corporation. By signing the agreement, the partner agrees to timely file a Montana tax return, pay all taxes and be subject to the personal jurisdiction of Montana. The partner completes the agreement and returns it to the partnership. The partnership is not required to include a new Form PT-AGR each year, but it has to include currently effective agreements for each new nonresident partner. It also needs to retain these agreements as part of its tax records.

If a Form PT-AGR (Montana Pass-Through Entity Owner Tax Agreement) is not completed for any partner that is a nonresident individual or a foreign C corporation, and if that individual or corporation does not participate in a composite return you file on their behalf, then you are required to remit tax on their behalf.

- **Form PT-STM** (Montana Second Tier Pass-Through Entity Owner Statement) has to be completed by any second tier pass-through entity that does not participate in a composite return you file on its behalf. This form has to identify the owners of the second tier pass-through entity in order to establish that its share of your Montana source income will be fully accounted for in Montana individual or corporation license tax returns filed. We require Form PT-STM to be filed each year that the partnership has a partner that is a pass-through entity.

If a Form PT-STM (Montana Second Tier Pass-Through Entity Owner Statement) is not completed for any partner that is a pass-through entity (the second-tier entity), and if that second-tier entity does not participate in a composite return you file on their behalf, then you are required to remit tax on their behalf.

- **Schedule IV** (Montana Partnership Composite Income Tax Schedule) is the composite tax return that the partnership completes and files on behalf of eligible partners who have elected to participate in the composite filing.
- **Form PT-WH** (Montana Income Tax Withheld for a Nonresident Individual, Foreign C Corporation or Second Tier Pass-Through Entity) is the form used by the partnership to report to a nonresident partner the amount of Montana income tax withheld on the partner's behalf. Form PT-WH is not filed with the partnership return.

#### 4 Where is the tax return filed?

If you choose not to file electronically, please mail your Partnership Information and Composite Tax Return to:

Montana Department of Revenue  
PO Box 8021  
Helena, MT 59604-8021

#### 5 Which tax year and accounting method should the partnership use to file Form PR-1?

The 2010 Form PR-1 has to be filed for the calendar year 2010 or the fiscal year beginning in 2010. If the tax return is for a fiscal year or a short tax year (less than 12 months) enter the taxable year in the space at the top of Form PR-1, page 1.

The taxable year and accounting method for Montana have to be the same as the taxable year and accounting method used for federal income tax purposes. If the partnership changes its federal taxable year or accounting method, it is required to change its Montana taxable year and accounting method accordingly. A copy of the approval from the Internal Revenue Service (IRS) to change your accounting period or method must accompany the first tax return that reflects the change.

Check the box "Final Return" on Form PR-1, page 1 if the partnership ceased to exist during the 2010 tax year.

#### 6 How does a partnership amend the tax return?

If you discover that your income tax return was incorrect, you have five years from the due date of the original tax return to file an amended Montana partnership tax return.

Use Form PR-1 to amend an original tax return. Indicate on the form that this represents an amended filing and check the box that indicates the reason(s) why you are amending your tax return. Please include the applicable forms and statements that explain in detail all of your adjustments. Complete the entire Form PR-1 using the corrected amounts.

If your amended tax return results in a change to income or a change in the distribution of any income or other information provided to any partner, you will also need to file any amended Montana Schedule(s) K-1 along with your amended Form PR-1. You will need to give a copy of the amended federal Schedule K-1 and Montana Schedule K-1 to each partner.

**Please Note:** If you file an amended tax return that reflects an increased tax liability, you may have the late payment penalty waived. Simply check the "Amended Return" box on the tax form and pay the tax and applicable interest in full when you file the amended return. By checking this box and paying all tax and interest in full, you are requesting a waiver of the late payment penalty.

If the IRS changes or makes corrections to your federal Form 1065 or if your partnership amends its federal tax return, you must file an amended Form PR-1. The

amended Form PR-1 needs to be filed within 90 days of receiving the IRS's notification of the corrections made to your federal Form 1065 or filing your amended federal tax return. Please include a copy of your federal corrections or amended Form 1065 with your amended Form PR-1.

### 7 Should the partnership file a composite tax return?

A partnership may elect to file a composite tax return on Form PR-1, Schedule IV, on behalf of the nonresident partners that consent to be included. If a composite return is filed, those partners do not have to prepare or file separate Montana returns. The composite tax rate ranges from 1% to 6.9%.

Partners can be included in a composite return if they meet all of the following criteria:

- They are a nonresident individual (a person who did not consider Montana as home at any time during the tax year even though they may have lived and worked in Montana temporarily during the tax year), a foreign C corporation (a C corporation that is not engaged in or doing business in Montana) or a pass-through entity (a partnership, S corporation or disregarded entity),
- They have no other Montana source income (other than Montana source income from another partnership or S corporation electing to file a composite return on their behalf), and
- They consent to be included in the return by providing the partnership with a written power of attorney, authorizing the partnership to file and act on their behalf.

### 8 Can the partnership file its Montana tax return electronically?

Yes. Your tax preparer can electronically file your Montana Form PR-1. Montana participates in the joint federal/state electronic filing program. Please visit our website at [revenue.mt.gov](http://revenue.mt.gov) for more details and a listing of approved software vendors. Tax professionals who are Authorized E-file Providers can submit both your federal and state tax returns at the same time. The Form PR-1 may also be available for direct electronic filing through our website. Please check [revenue.mt.gov](http://revenue.mt.gov) for the latest details.

If you file electronically, you do not have to mail paper copies of your return. When you file electronically, you represent that you have kept all documents required as your tax record and will provide copies to the department if we ask for them. The act of completing and filing electronically is considered an authorized signature.

### 9 Can the partnership get an extension of time to file its return?

Yes. To receive an extension, you have to check the extension indicator box on Form PR-1, page 2, and include a copy of your federal extension Form 7004 with your completed Montana partnership return. Do not send copies of the federal extension before you file your Montana partnership return.

The automatic extension is five months. This extends the time for filing Form PR-1 with its supporting schedules, and Forms PT-AGR and PT-STM, if applicable.

**Important:** An extension of time to file is not an extension to pay. If you do not pay the amount of tax due by the original due date, you will owe interest and penalties on any balance due.

### 10 What is the interest rate on unpaid taxes?

The current interest rate of 8% for individual income tax and composite income tax will continue to be in effect through December 31, 2011. Under Montana law, the daily accrual interest rate for all unpaid income taxes depends on the rate set by the IRS and may fluctuate each year, but will not be less than 8%.

### 11 Who has to sign the tax return?

Form PR-1 has to be signed and dated by a general partner or limited liability company member. Form PR-1 is not considered to be complete unless it is signed. Unsigned tax forms will delay the processing of your return. If your partnership has an outside accounting firm or an individual prepare Form PR-1, the name, address and telephone number of the tax preparer has to be included on your tax return.

### 12 What does the checkbox that asks "May the DOR discuss this tax return with your tax preparer" mean?

If you check "Yes", we can discuss any concerns that we might have with your 2010 tax return—a missing schedule, for example—with your tax preparer. If you do not check the box, we cannot discuss your return with anyone but you or someone to whom you have given a power of attorney that allows us to discuss the return with them.

If "Yes" is marked on a return by you, you are authorizing us to call the tax preparer to answer any questions that arise while we are processing your 2010 tax return.

By checking the box you are also authorizing us to:

- Request that the tax preparer give us any information that is missing from your return..
- Respond to the tax preparer's call to us for information about the processing of your return or the status of your refund or payment(s).

- Discuss certain notices from us about math errors, offsets, and return preparation. *Note: The department will only send notices directly to you, not to the tax preparer.*

You are not authorizing the tax preparer to receive any refund check, bind you to anything (including any additional tax liability), receive any information about any other tax year or tax matter, or otherwise represent you before the department.

Please be aware that this authorization cannot be revoked. The authorization will, however, automatically end no later than the due date, without regard to extensions, for filing your next year's (2011) tax return. This is April 15, 2012, for most partnerships.

If you want to expand or change the tax preparer's authorization (for example, to verify any estimated payments you'll be making in the future), you can use Form POA, Power of Attorney, Authorization to Disclose Tax Information. Form POA is available on our website at [revenue.mt.gov](http://revenue.mt.gov).

### **13 Does a multi-state partnership need to apportion its income?**

Montana requires multi-state partnerships to determine the income reportable to Montana using the Multistate Tax Compact guidelines. "Business income" is apportioned using three, equally weighted factors: the property factor, the payroll factor and the sales factor. All income that arises from transactions and activity in the regular course of the partnership's trade or business operations is considered business income. Complete and include Schedule I of the tax return if you use this three factor apportionment method.

### **14 Does a multi-state partnership need to allocate its income?**

Using the Multistate Tax Compact guidelines, the "nonbusiness income" of a multi-state entity is allocated to the appropriate state. Nonbusiness income means all income other than business income and is narrowly defined. Multi-state partnerships have to determine the amounts of their nonbusiness income, if any, to be allocated to Montana.

You can review our apportionment and allocation rules in Title 42, chapter 26 of the Administrative Rules of Montana. Please visit our website at [revenue.mt.gov](http://revenue.mt.gov).

### **15 How does the partnership determine if income is sourced to Montana?**

If a partnership is doing business only in Montana, all of its income is Montana source income. Montana source income includes the separately and non-separately stated income, gain, loss, deduction or credit, or items of income, gain, loss, deduction or credit that you have derived from a trade, business, occupation or profession carried on in Montana

or that was derived from the sale or other transfer, or the rental, lease, or other commercial exploitation of property located in Montana.

If a partnership is doing business both inside and outside of Montana, Montana source income is the sum of the multi-state business income that is apportioned to Montana and nonbusiness income that is allocated to Montana.

### **16 How does a partnership determine which income is business income?**

Income has to be properly classified as business or nonbusiness income based upon factual evidence. The burden of proof is on the partnership to justify the manner in which the income is claimed on the tax return.

Interest income is business income when the note or obligation with respect to which the interest was received, arose out of, or was created in the regular course of, the taxpayer's trade or business operations.

Dividends are business income when the stock with respect to which the dividends are received, arose out of, or was acquired in the regular course of, the taxpayer's trade or business operations. If the partnership engages in the ownership, sale or other disposition of investments regularly and as part of the ordinary course of its business, then the income arising from such transactions is presumptively business income.

Gain or loss from the sale, exchange or other disposition of real, tangible or intangible personal property constitutes business income if the property, while owned by the taxpayer, was used in the taxpayer's trade or business or was included in the apportionment factor.

Rental income from real and tangible property is business income if the property with respect to which the rental income was received, is used in the taxpayer's trade or business, incidental to the trade or business, or includable in the property factor.

### **17 Can partnerships have net operating losses?**

No. Partners use their separate shares of the partnership's business income and business deductions to figure their individual net operating losses (NOL). Partners who elect to be included in the composite tax return lose their ability to use this information for Montana NOL purposes.

# Partner's/Shareholder's Instructions for Montana Schedule K-1 (Forms CLT-4S and PR-1)

## General Instructions

The Montana Schedule K-1 is required to be provided to all partners or shareholders. Parts 1 and 2 are completed for all partners or shareholders. Parts 3, 5 and 6 are completed for all partners or shareholders only if there is applicable information. Part 4 applies to nonresident partners or shareholders only.

## Purpose of Montana Schedule K-1

Montana Schedule K-1 shows information about your share of income, gains, losses, deductions, credits and other items from an S corporation, a partnership, or a limited liability company (LLC) that is treated as an S corporation or partnership for income tax purposes. If applicable, your share of "Montana source income" is listed. You may need this information to complete the appropriate Montana tax return.

**Partnership or corporation partner/shareholder.** If you are a corporation, partnership, or a limited liability company treated like a corporation or partnership, the Montana Schedule K-1 shows your share of the entity's Montana statutory adjustments or tax credits that may affect the preparation of your Montana tax return.

**Resident individual, estate, or trust partner/shareholder.** If you are a Montana resident individual, estate, or trust, you report to Montana your entire share of the entity's income, gains, losses, and deductions included in your federal taxable income. The Montana Schedule K-1 shows your share of the entity's Montana statutory adjustments or tax credits that may affect the preparation of your Montana tax return.

**Nonresident individual, estate, or trust partner/shareholder.** If you are a nonresident individual, estate, or trust, the amount of your share of the entity's income, gains, losses, and deductions that are apportioned and allocated to Montana based on the entity's activity in Montana is used to determine your Montana tax liability. These items are shown in Part 4 of the Montana Schedule K-1. Unless you are a nonresident individual who elected to participate in a composite return filed on your behalf by the entity, you need to file a Montana tax return to determine your tax liability for these items.

**Composite return election.** If you are a nonresident individual, a foreign C corporation, or a pass-through entity who elected to participate in a composite return filed on your behalf by the entity, you are not required to file a Montana tax return. If this applies to you, you received the Montana Schedule K-1 to show your share of these items and the composite tax paid on your behalf.

**Amended Schedule K-1 (Forms CLT-4S and PR-1).** If you received an amended Montana Schedule K-1 from the entity, and you previously filed a Montana tax return, you need to file an amended Montana tax return to report the changes in income, gains, losses and deductions.

## Montana Schedule K-1, Parts 3-6

### Part 3 – All Partners/Shareholders – Montana Adjustments

#### A-B. Montana Additions or Deductions

To compute Montana income taxable to pass-through entity owners, certain items have to be added to income or deducted from income. A detailed schedule is required to be included. The form shows a partial list. Any amounts listed are the partner's or shareholder's share of Montana additions and deductions from the corresponding lines on Schedules A and B. Transfer the amount(s) shown to the appropriate Montana tax return.

### Part 4 – Nonresident Partner/Shareholder Only—Montana Source Income (Loss)

If you are a nonresident individual, estate, trust, or pass-through entity, your share of the entity's Montana source income, gains, losses and other additions to income are shown. Transfer these amounts to the appropriate Montana tax return.

**4. Guaranteed payments.** The guaranteed payments remain with the partner receiving the payments as reflected on the federal Schedule K-1.

### Part 5 – Supplemental Information

Supplemental information which could result in adjustments to the Montana tax return is listed. Transfer the information to the appropriate Montana tax return.

**1. Montana composite income tax paid on behalf of partner/shareholder.** If applicable, the amount shown on this line is the amount of Montana composite income tax paid on your behalf by the entity. If you made this election, you are not required to file your own Montana tax return. This is for your information only.

**2. Montana income tax withheld on behalf of partner/shareholder.** The entity was required to withhold Montana income tax for those nonresident partners/shareholders who did not file a consent agreement or statement (Form PT-AGR) and did not elect to have the entity pay composite income tax. Transfer the amount from this line to the appropriate Montana tax return.

**3. Premiums for Insure Montana Small Business Health Insurance credit.** If the entity received a tax credit from the Insure Montana Small Business Health Insurance program, the amount entered is the portion of the premiums paid for these policies which is not allowed as a deduction.

**4. Montana mineral royalty tax withheld.** If mineral rights are held by a partnership or S corporation in which you have an ownership interest, the royalty payments made to the owners are subject to withholding if certain thresholds are met. If the partnership or S corporation attributed the withheld mineral royalty tax to the partner or shareholder, the amount attributed is listed. This withholding should not be confused with the amounts deducted from royalty payments for production taxes. Transfer the amount on this line to the appropriate Montana tax return.

### Part 6 – Montana Tax Credits and Recapture (If Applicable)

Any credit claimed by a partnership or S corporation has to be attributable to its partners/shareholders generally using the same proportion that is used to report that entity's income or loss for Montana income tax purposes. The tax credits cannot be taken as a credit against composite tax. We have listed the most common tax credits along with space to provide information about any other tax credit or recapture amount. Include the amount from this schedule on the applicable credit form and report on the appropriate Montana tax return.

Some tax credits have provisions requiring a recapture of the tax benefit you received in an earlier tax year (if you do not meet certain requirements in subsequent tax years). If you are required to report a recapture, include the amount from this schedule on the appropriate Montana tax return.
