WHAT'S NEW FOR 2011?

File on TAP!

Electronic filing is now available at revenue.mt.gov! We continue to expand the options available to S corporations for electronic filing and payment. Using our electronic filing option, S corporations can file tax returns, as well as make electronic payments or direct-deposit tax refunds. On Taxpayer Access Point (TAP) users can also view previously filed tax returns and tax payment information, update account information and grant access to others such as tax practitioners.

Please note that this service only applies to Montana tax returns; S corporations may still have to file a federal return.

Montana Due Dates Now Impacted by Federal Actions

The due date for filing a Montana income tax return will now be extended if it falls on a holiday that causes the federal filing date to be extended. This is also true for any applicable payment dates. Additionally, taxpayers in federally declared disaster areas may benefit from extended due dates or the waiver of penalties and interest.

Montana Energy Credits Not Affected by Federal Changes

The recent expansion of the federal tax credits for consumer energy efficiency expired on December 31, 2010. While Montana's energy-related tax credits mirror the federal credits in many ways, they are not affected by the federal expiration. The types of investments that qualify for Montana and the amount of credit remain the same for 2011. Please visit our website at revenue.mt.gov for more information on qualifying for Montana's energy tax credits.

Improved Forms and Schedules

As a result of feedback we have received from taxpayers and tax practitioners, we updated the following forms and schedules for 2011:

- **Form CLT-4S**

The heading section requires S corporations to report the total number of Montana Schedules K-1 included with the Form CLT-4S as well as the breakdown of total resident, nonresident and other shareholders. S corporations are also required to report the date that they obtain a certificate of authority from Montana Secretary of State. In addition, several boxes in the heading section were eliminated to reduce complexity. These changes will also help us more accurately process the returns.

- **Schedule II – Montana S Corporation Tax Credits**

If the S corporation is claiming the contractor's gross receipts (CGR) tax credit, the S corporation is required to enter the CGR account number on line 6. If the S corporation is claiming a contractor's gross receipts tax credit from more than one CGR account, mark the box

on line 6 to indicate that the credit amount is derived from multiple CGR accounts and include a statement listing the accounts with the tax return. The new requirements will allow us to more quickly approve the credit claimed by owners.

- **Schedule III – Montana S Corporation Information**

Schedule III was revised to allow users to list more shareholders on one page and reduce the number of additional pages. The revisions will also help us process the returns more effectively.

As part of the revisions, S corporations will:

- use an entity type code to report the type of entity for each shareholder in column B,
- identify the residency of each shareholder in column C,
- indicate if a Form PT-AGR was filed for each shareholder in column G, and
- enter the totals from additional pages (if necessary) on the first page of the schedule (line 8).

- **Schedule IV – Montana S Corporation Composite Income Tax Schedule**

The composite tax ratio calculation was added to Part II of the Schedule IV. On the 2010 tax return the composite tax calculation was computed separately and then entered on Schedule IV. Now the calculation is included on the schedule to increase the accuracy of the composite income tax calculation.

- **Montana Schedule K-1 (CLT-4S and PR-1)**

The Montana Schedule K-1 was expanded to provide more detailed information to shareholders for their tax returns and/or tax records.

- **Part 4** – Lines 12 and 13 were added so that S corporations can report to shareholders their distributive share of deduction items apportionable to Montana.
- **Part 5** – Small business health insurance premiums are now reported in Part 6. In addition, S corporations can now report allocable items of Montana source income that are distributable to each shareholder on line 4.
- **Part 6** – Reporting of the contractor's gross receipts tax credit was expanded to include the CGR Account ID number on line 2. Shareholders will need this number when they claim the credit on their tax returns. In addition, S corporations can also report in Part 6 the health insurance for uninsured Montanans credit on line 3.

Line 15c

Report all other additions.

Examples are:

- Compensation and expenditures used to compute the film production credit have to be included in the income of the year that the compensation and expenditures were incurred.
- If the S corporation received a tax credit from the Insure Montana small business health insurance program, it is not allowed a deduction for the premiums used to calculate the credit. Because the credit cannot exceed 50% of the premiums, multiply the amount of credit claimed by two and enter the result on this line.

Line 16 – Shareholders’ Distributive Share of Montana Deductions to Income

To compute Montana income taxable to shareholders, certain items are deducted from income. A detailed statement is required to be included with the tax return for each item.

Line 16a

If the S corporation received interest on United States government obligations and mutual fund dividends attributable to that interest, the S corporation can subtract these amounts from total federal income as long as they are included on line 11, total federal income. In addition, if the S corporation received interest on obligations from U.S. territory or government agency obligations that are specifically exempt by federal law or any mutual fund dividends attributable to this interest, the S corporation can subtract these amounts from total federal income as long as they are included on line 11, total federal income.

If the S corporation received interest or mutual fund dividends attributable to Government National Mortgage Association (Ginnie Mae) bonds, Federal National Mortgage Association (Fannie Mae) bonds or Federal Home Loan Mortgage Corporation (FHLMAC) securities, the S corporation cannot subtract the interest or mutual fund dividends.

Form RCYL has to be included with the tax return if the S corporation files a paper return. If the S corporation files electronically, the S corporation represents that it has a copy in its records.

Line 16c

Report other deductions on this line, including the following:

- The amount of contributions made by a small business to its independent liability fund.
- A portion of an investment made in a building for the purpose of conserving energy. To qualify, the building has to be used in the entity’s business and the result of the investment has to be a substantial reduction in the amount of energy needed to render the building usable.
- Documented expenses for the donation of mineral exploration information to the Montana Tech Foundation.

Multistate S corporations and S corporations with allocable items of Montana source income are required to complete lines 18 through 20.

Line 18 – Income Apportioned to Montana

For multistate S corporations only, multiply the amount that is reported on line 17 by the apportionment percentage reported on line 5 of Schedule I, Apportionment Factors for Multistate S Corporations. See the instructions for Schedule I on page 7.

Line 19 – Income Allocated to Montana

For multistate S corporations, report the S corporation’s nonbusiness income allocated to Montana on this line. For both multistate S corporations and S corporations with distributable items of income (loss) from a pass-through entity, report the Montana source distributable items of income (loss) on this line. See FAQ [18](#) for “allocation of income” on page 16.

For the amount reported on line 19, the S corporation must include the following with Form CLT-4S:

- a statement showing each item of nonbusiness income, and its related expenses,
- a statement explaining the reason for treating the item of income as nonbusiness income subject to allocation, and
- if the S corporation allocates an item of its nonbusiness income to a state other than Montana, a copy of that other state’s income tax or information return must be included. If the S corporation is not required to file an income tax or information return with the other state, the S corporation must indicate this in a statement.

Line 23a – Total Montana mineral royalty tax withheld

Enter the total amount of mineral royalty tax the S corporation paid and/or the total amount of Montana mineral royalty tax withheld on behalf of the S corporation by a lower-tier pass-through entity. These amounts will be reported on federal Form(s) 1099 and Montana Schedule(s) K-1.

Line 25 – Amount Due or (Overpaid)

Add lines 21 and 22; from this total, subtract the sum of lines 23e and 24g.

Line 26 – Penalties and Interest**Line 26a – S corporation information tax return late filing penalty**

An S corporation is charged a late filing penalty if Form CLT-4S is filed after the due date, including the automatic six month extension, unless the entity can show reasonable cause for not filing on time. The penalty is \$10 multiplied by the number of shareholders at the close of the tax year for each month or fraction of a month that the entity does not file the S corporation information tax return. This penalty is calculated for up to five months. Please see 15-30-3302, MCA.

A late filing penalty is not imposed on an entity that has ten or fewer shareholders if the shareholders have filed the required tax returns or other required reports timely and have paid all taxes when due.

Line 26b – Interest on underpayment of estimated composite tax

The S corporation is required to make estimated tax payments throughout the year if it expects to owe a composite income tax liability of at least \$500. If the S corporation was required to make estimated composite tax payments and it did not pay the required amounts, it will have to pay interest on any underpayment. To calculate the underpayment interest complete Worksheet I. Please see 15-30-3312, MCA.

Worksheet I – Calculation of Underpayment Interest

In 2011, the S corporation was required to pay, through estimated installments, the smaller of:

- 90% of the current year’s total composite tax liability, or
- an amount equal to 100% of the previous year’s total composite tax liability.

If the S corporation does not meet one of the two requirements, the composite tax is subject to underpayment interest.

Payments made with extensions are not considered estimated payments.

Worksheet I - Short Method		
1.	Enter the total 2011 composite tax reported on Form CLT-4S, line 21.	
2.	Enter 90% of line 1 above.	
3.	Enter the total of lines 23e, 24a and 24d reported on Form CLT-4S.	
4.	Subtract line 3 from line 1. If the result is \$500 or less, the S corporation does not need to complete the rest of the form. The S corporation does not owe interest on its underpayment.	
5.	Enter the 2010 composite tax from the 2010 Form CLT-4S, line 21.	
6.	Enter the smaller of line 2 or line 5.	
7.	Enter the amount from line 3 plus any estimated payments made and reported on Form CLT-4S, line 24b.	
8.	Subtract line 7 from line 6. This is the S corporation’s total underpayment for the year. If zero or less, stop here. The S corporation does not owe interest on its underpayment.	
9.	Multiply line 8 by 0.05320 and enter the result.	

Worksheet I - Short Method		
10.	If the amount on line 8 was paid on or after the due date of the Form CLT-4S, enter zero. If the amount on line 8 was paid before the due date of the Form CLT-4S, multiply the amount on line 8 times number of days paid before the due date of the information tax return. Multiply the result by 0.0002192.	
11.	Subtract line 10 from line 9. This is the S corporation’s underpayment interest. Enter the result here and on Form CLT-4S, line 26b.	

Line 26c – Composite income tax return late filing penalty

If the S corporation is late in filing the Form CLT-4S, a late filing penalty of \$50 or the amount of composite tax owing, whichever is smaller, will be charged. There is no late filing penalty for the composite tax return if there was an overpayment of composite tax and the S corporation is receiving a refund.

Line 26d – Late payment penalty

If the S corporation does not pay all of its tax liability (line 25) by the due date of the Form CLT-4S, it will need to pay a late payment penalty. The late payment penalty is 1.2% per month or part of a month on the unpaid amount from the original due date until it is paid. This penalty cannot exceed 12% of the S corporation’s tax liability on line 25.

Important If the S corporation files an amended tax return that reflects an increased tax liability, it may have the late payment penalty waived. To receive the waiver, simply mark the “Amended Return” box on the Form CLT-4S and pay the tax and applicable interest in full when the S corporation files the amended return. By marking this box and paying all tax and interest, the S corporation is treated as having requested a waiver of the late payment penalty.

Line 26e – Interest

Compute interest on any tax liability (line 25) that the S corporation has not paid by the due date of the tax return and enter the total here.

If 100% of the S corporation’s tax liability is not paid by March 15, 2012 (for a calendar year tax return), interest is due at a rate of 8% per year, computed daily on the unpaid tax balance.

To calculate the interest, multiply line 25 by 0.02192% (0.0002192) times the number of days after March 15, 2012 the S corporation’s tax is paid.

Important A valid extension of time to file the S corporation’s tax return does not extend the due date to

pay the S corporation's income tax liability after March 15, 2012.

Line 26f – Total penalties and interest

Add lines 26a through 26e and enter the total.

Line 27

Add lines 25 and 26f; enter the result here.

Line 28 – Amount You Owe

If the amount on line 27 is greater than zero, enter it on this line. This is the amount due with the S corporation's tax return. The S corporation can pay the amount it owes by:

- electronic funds withdrawal when e-filing the S corporation's joint federal/state tax return,
- e-check or credit card - please visit our website at revenue.mt.gov for more information and instructions, or
- money order, personal check or cashier's check payable to MONTANA DEPARTMENT OF REVENUE. Remember to use the included voucher, sign the check and write the S corporation's FEIN and "Tax Year 2011" on the memo line.

Line 29 – Overpayment

If the amount on line 27 is less than zero, enter it on this line. This is the amount the S corporation has overpaid.

Line 30 – 2012 Estimated Tax Payments

All or part of the refund that the S corporation reported on line 29 can be refunded or carried over as a 2012 estimated tax payment. Enter the amount of the refund reported on line 29 that the S corporation wants applied to its 2012 estimated tax.

Line 31 – Refund

Subtract line 30 from line 29 and enter the result here. This is the amount of the refund that will be issued.

If the S corporation is requesting a refund, please mark the box located in the top portion of Form CLT-4S, page 1.

If the S corporation would like to use direct deposit, enter the S corporation's financial institution's routing number (RTN#) and the S corporation's account number (ACCT#) in the spaces provided. The routing number will be nine digits and the account number can be up to 17 characters, including numbers and letters. Mark whether the S corporation's account is a checking or savings account and if the S corporation's refund will go to a bank outside of the United States and its territories (Midway Islands, Puerto Rico, American Samoa, US Virgin Islands, Federated States of Micronesia, and Guam).

If the financial institution does not accept direct deposit, we will mail the S corporation a refund check.

A sample of a personal check is provided for convenience.

Sign the Return

If the S corporation is filing its return on paper, the return is not considered valid unless one of the following officers signs the return: president, vice president, treasurer, assistant treasurer or chief accounting officer.

If the S corporation is filing its return electronically, the officer does not sign the return. The act of filing electronically signifies the officer's declaration, under the penalty of false swearing, that:

- The officer is authorized to file the return, and

The act of filing electronically is the officer's signature.

SCHEDULE I- APPORTIONMENT FACTORS FOR MULTISTATE S CORPORATIONS INSTRUCTIONS

Schedule I applies only to multistate S corporations.

A multistate S corporation with income derived from its business activities must determine whether the income is business or nonbusiness income. After the S corporation makes this determination, it will apply the apportionment factor calculated on Schedule I to identify the portion of the business income that is Montana source. The apportionment factor is the standard UDITPA (Uniform Division of Income for Tax Purposes Act) three-factor formula of property, payroll and sales.

When an S corporation is engaged in business both inside and outside Montana, business income assignable to Montana has to be determined using the apportionment factor. Include only the S corporation's own items of property, payroll and sales. Do not include any property, payroll, or sales of another pass-through entity.

The S corporation must ask the department if it can determine the amount of income that it attributes to Montana on some basis other than the apportionment method. If the department allows the S corporation to use an alternative method, the S corporation will still need to complete and submit Schedule I. Please see Title 15, Ch. 31, part 3, MCA; and Title 15, Ch. 1, part 6, MCA for additional filing information.

To calculate each of the separate factors in the apportionment factor, use the following formula: column B divided by column A, multiplied by 100. Round out to the fourth decimal (example: 25.5555%).

Property Factor (Line 1)

The property factor is a fraction. The numerator is the average value of the S corporation's real and tangible personal property owned, leased or rented and used in Montana in the production of business income during the tax period. Enter the numerator values in column B of Schedule I. The denominator is the average value of all of the S corporation's real and tangible personal property owned, leased or rented and used in the production of business income during the tax period. Enter the denominator values in column A of Schedule I.

Property owned by the S corporation is valued at its original cost. Real and tangible personal property that is used in the business includes land, buildings, machinery,

equipment, stocks of goods, inventories and other tangible property actually used in connection with the production of the business income to be apportioned. It does not include money, accounts receivable, other intangible property, real property that is held for investment or nonbusiness purposes or idle property of any nature.

To the extent that it is utilized in Montana, migratory property has to be included in both the numerator and denominator.

Unless we otherwise require it, the average value of owned property is determined by averaging the values at the beginning and ending of the tax period.

All property that the S corporation rents has to be valued at eight times the net annual rental rate. Rental expense cannot be averaged. The S corporation has to use its rental expense for the current year in the property factor.

If the S corporation owns an interest in a pass-through entity, the value of the property owned by the pass-through entity cannot be included in the property factor.

Payroll Factor (Line 2)

The payroll factor is a fraction. The numerator is the total amount that the S corporation paid for compensation attributable to the production of business income during the tax period in Montana. Enter the numerator values in column B of Schedule I. The denominator is the total amount that the S corporation paid for compensation attributable to the production of business income during the tax period. Enter the denominator values in column A of Schedule I.

Payroll is considered to be paid in Montana if:

- the base of operations is in Montana,
- there is no base of operations and the place from which the service is directed or controlled is in Montana, or
- the base of operations or the place from which the service is directed or controlled is not in a state where some part of the service is performed but the person who provides the service is located in Montana.

If the S corporation owns an interest in a pass-through entity, no part of the pass-through entity's payroll is included in the payroll factor.

Sales Factor (Line 3)

Sales mean all gross receipts of the S corporation exclusive of nonbusiness income and inter-company transactions. The sales factor is a fraction. The numerator is the S corporation's total sales in Montana during the tax period. Enter the numerator values in column B of Schedule I. The denominator is the S corporation's total sales everywhere during the tax period. Enter the denominator values in column A of Schedule I.

Sales of tangible personal property are in Montana if:

- the property is delivered or shipped to a purchaser in Montana (other than the United States government), or
- the property is shipped from Montana and the S corporation is not taxable in the state of the purchaser.

Sales other than sales of tangible personal property are in the state if:

- the income-producing activity is performed in Montana, or
- the income-producing activity is performed both inside and outside Montana and a greater proportion of the income-producing activity is performed in Montana than in any other state, based on costs of performance.

If the S corporation owns an interest in a pass-through entity, no part of the pass-through entity's sales is included in the sales factor.

Sum of Factors (Line 4)

Add lines 1, 2 and 3 in column C. Enter the result on line 4 in column C.

Apportionment Factor (Line 5)

Divide line 4 by the number of factors present. A factor is present if the S corporation has a value in column A for property, payroll or sales. Enter the apportionment factor on line 5 of Schedule I and also insert it on line 18, page 1 of Form CLT-4S, rounding it out to the fourth decimal (example: 25.5555%).

SCHEDULE II- MONTANA S CORPORATION TAX CREDITS INSTRUCTIONS

A tax credit claimed by an S corporation is passed through to its shareholders. The S corporation identifies how much credit is available to each shareholder on a Montana Schedule K-1. The S corporation provides a copy of the Montana Schedule K-1 and a copy of the credit form that was used to calculate the credit to each shareholder.

Shareholders determine any necessary limitations when reporting the credit on their tax returns. Unused credits may not be redistributed to other shareholders. For example, if the ownership of the S corporation consists of a resident shareholder and a nonresident shareholder, the nonresident shareholder's share of the credit could not be claimed by the resident shareholder even though the nonresident shareholder is not eligible to use it.

The tax credits cannot be taken as a credit against composite tax reported on the Form CLT-4S.

For detailed tax credit instructions and forms, please visit our website at revenue.mt.gov. If the S corporation is eligible for a credit, please include the appropriate form with the tax return. If the S corporation files electronically, it represents that it kept a copy in the S corporation's records and will provide a copy to the department if we ask.

Montana S Corporation Information

Include all shareholders on this form. If additional space is needed, the S corporation may make copies of Schedule III.  - did not provide the S corporation with a completed Form PT-AGR, and
 - is not participating in the S corporation's composite tax return.

Enter the amount of Montana tax the S corporation paid on behalf of each shareholder. The shareholder agrees to timely file a Montana tax return, pay all taxes and be subject to the personal jurisdiction of Montana. The shareholder completes the agreement and returns it to the S corporation. The S corporation is not required to include a new Form PT-AGR each year, but it has to include currently effective agreements for each new nonresident individual, trust, estate or foreign C corporation.

Enter the year that the agreement, Form PT-AGR, was provided to us. If the S corporation is providing the agreement to us this year, enter "2011."

SCHEDULE IV- MONTANA S CORPORATION COMPOSITE INCOME TAX SCHEDULE INSTRUCTIONS

If additional space is needed, the S corporation may make copies of Schedule IV.

An S corporation can elect to file a composite tax return and pay a composite tax on behalf of an eligible participating shareholder. Shareholders who are nonresident individuals or foreign C corporations and who properly elect to participate in the composite tax return are relieved of the obligation to file a Montana income tax return. However, if the nonresident shareholder has other Montana source income, they are not eligible to participate in the composite return unless that income is from other pass-through entities that are electing to file a composite return and pay a composite tax on their behalf.

The tax credits from Schedule II cannot be applied to reduce the S corporation's composite tax liability. The tax credits may be used only by the shareholders to offset income or corporation license tax reported on their Montana tax returns.

An S corporation can include a shareholder in filing a composite tax return only if the shareholder has provided the S corporation with a power of attorney that authorizes the S corporation to file the composite return and act on their behalf. The S corporation does not submit the power of attorney with its tax return; the S corporation retains it as authorization from the shareholder and for use in subsequent years.

If the S corporation files a composite tax return, the S corporation is responsible for:

- paying the composite tax liability,

- paying any additional tax, penalty and interest we assess for the composite tax liability,
- representing the participants in any appeals, claims for refunds, hearings or court proceedings, and
- making quarterly estimated payments of the composite tax liability.

Part I

Enter the number of shareholders participating in the composite income tax return.

Part II

The composite tax ratio is the ratio of the S corporation's Montana source income to the S corporation's income from all sources for federal income tax purposes.

Line a or Line b

Complete line a if the S corporation is doing business only in Montana. Complete line b if the S corporation is a multistate S corporation.

Column 1

Enter the amount from Form CLT-4S, line 14. This is the S corporation's federal income from all sources.

Column 2 (only if completing line a)

Enter the amount from Form CLT-4S, line 17. This is the S corporation's net taxable income (loss) if the S corporation is not a multistate S corporation.

Column 3 (only if completing line b)

Enter the amount from Form CLT-4S, line 20. This is the S corporation's total Montana source income (loss) if the S corporation is a multistate S corporation.

Column 4

If completing line a, divide column 2 by column 1. If completing line b, divide column 3 by column 1. The result is the composite tax ratio. Carry to 4 decimal places and do not enter more than 1.0000.

Part III

Column A – Name of Eligible Participating Shareholder

List the name of the participating shareholder as it appears on Form CLT-4S, Schedule III.

Column B – Social Security Number (SSN) or Federal Employer Identification Number (FEIN)

Enter the SSN or FEIN of the participating shareholder as it appears on Form CLT-4S, Schedule III.

Column C – Shareholder's Share of Federal Income from Entity

Enter the participating shareholder's share of the S corporation's total federal income (loss) from all sources. For the purpose of calculating composite income tax, the

shareholder's share of federal income from the entity is the shareholder's ownership percentage as reported on Form CLT-4S, Schedule III, column D multiplied by the federal income from all sources reported on Form CLT-4S, line 14.

Column D – Standard Deduction

Each eligible participating shareholder is allowed one standard deduction equal to 20% of column C, but not less than \$1,820 or more than \$4,110.

Column E – Exemption

Column F – Calculate Montana Taxable Income

Subtract the amounts in column D and column E from column C. Enter the result in this column, but not less than \$0.

Column G – Tax from Tax Table

If the result in column F is greater than \$0, use the tax table at the bottom of Schedule IV to calculate the tax on the amount in column F. Enter the result in this column. Enter \$0 if the amount in column F is \$0.

Column H – Montana Composite Income Tax Liability

If the amount in column G is greater than \$0, multiply the amount in column G by the composite tax ratio from Part II and enter the result. If the amount in column G is \$0, enter \$0. This is the participant's Montana composite tax liability.

Example: Assume that S corporation ABC's composite tax ratio is 0.2500 (Part II). Also assume that Shareholder X is a participating shareholder with a 10% interest in the S corporation's income, gain, loss or deduction. The federal income from all sources is \$60,000 and Shareholder X's share is \$6,000. The participating shareholder's composite tax liability is:

Shareholder's share of S corporation federal income from all sources (column C)	\$6,000
Standard deduction (column D)	(\$1,820)
Exemption allowance (column E)	(\$2,190)
Result of column C minus columns D and E (column F)	\$1,990
Using the tax rates shown on Schedule IV, the tax (column G) on \$1,990.	\$20
The Montana composite income tax (column H) is \$20 x 0.2500.	\$5

Tax Records

- 20 How long does the S corporation need to maintain its tax records after it has filed the Montana information and composite tax return?

1 Who has to file the Montana S Corporation's Information and Composite Tax Return?

An S corporation that has Montana source income has to file an annual Montana S Corporation Information and Composite Tax Return (Form CLT-4S).

2 When is the S corporation's information and composite tax return due?

The S corporation's Montana filing period is the same as its federal filing period. Form CLT-4S is due following the close of the tax year for:

- calendar year S corporation – on or before March 15
- fiscal year S corporation – on or before the 15th day of the 3rd month

If the due date falls on a weekend or a holiday, the tax return is due on the next business day.

3 What forms and schedules have to be included with the information and composite tax return?

When the S corporation files Form CLT-4S on paper, it must include a complete copy of the federal Form 1120S, U.S. Income Tax Return for an S Corporation, with all federal Schedule(s) K-1, all statements and all documents.

Montana Resident Shareholders

If the ownership of the S corporation consists only of Montana resident shareholders, the S corporation is required to complete:

- Form CLT-4S, pages 1 and 2,
- Schedule II, Montana S Corporation Tax Credits, if applicable,
- Schedule III, Montana S Corporation Information,
- Schedule VI, Reporting of Special Transactions, if applicable, and
- Montana Schedule K-1, Shareholder's Share of Income (Loss), Deductions, Credits, etc.

We do not accept copies of federal Schedule K-1 in place of a completed Schedule III. If Schedule III is not completed, including the shareholder's identification number, the processing of the S corporation's return will be delayed until we receive this completed schedule. An S corporation's return may be subject to a late filing penalty.

Nonresident Shareholders

When an S corporation has a shareholder who is a nonresident individual, estate or trust or foreign C corporation, it has additional filing and payment requirements:

- **Schedule III**, Montana S Corporation Information,
- **Form PT-AGR** (Montana Pass-Through Entity Owner Tax Agreement), if applicable, is an agreement that has to be completed by a nonresident individual, trust, estate or foreign C corporation that does not participate in a composite return or does not wish the S corporation to pay tax on its behalf. By signing the agreement, the shareholder agrees to timely file a Montana tax return, to pay all taxes and to be

subject to the personal jurisdiction of Montana. The shareholder completes the agreement and returns it to the S corporation. The S corporation is not required to include a new Form PT-AGR each year, but it has to include currently effective agreements for each new nonresident individual, estate or trust or foreign C corporation shareholder. It also needs to retain these agreements as part of its tax records.

If a Form PT-AGR is not completed for any shareholder that is a nonresident individual, estate or trust or foreign C corporation, and if that shareholder does not participate in a composite return filed by the S corporation, then the S corporation is required to pay tax on the shareholder's behalf.

- **Schedule IV** (Montana S Corporation Composite Income Tax Schedule), if applicable, is the composite tax return that the S corporation completes and files on behalf of eligible shareholders who have elected to participate in the composite filing.
- **Form PT-WH** (Montana Income Tax Withheld for a Nonresident Individual, Foreign C Corporation or Second-Tier Pass-Through Entity), if applicable, is the form used by the S corporation to report to a nonresident shareholder the amount of Montana income tax withheld on the shareholder's behalf. Form PT-WH is not filed with the S corporation information and composite tax return.

4 Which tax year and accounting method should the S corporation use to file its information and composite tax return?

The taxable year and accounting method for Montana have to be the same as the taxable year and accounting method used for federal income tax purposes. If the S corporation changes its federal taxable year or accounting method, it is required to change its Montana taxable year and accounting method accordingly. A copy of the approval from the Internal Revenue Service (IRS) to change the accounting period or method must accompany the first tax return that reflects the change.

Mark the box "Final Return" on Form CLT-4S, page 1 if the S corporation ceased to exist during the 2011 tax year.

5 Should the S corporation file a composite tax return?

An S corporation may elect to file a composite tax return on Form CLT-4S, Schedule IV, on behalf of the eligible participating shareholders that consent to be included. If a composite return is filed, those shareholders do not have to prepare or file separate Montana returns. The composite tax rate ranges from 1% to 6.9%.

Shareholders can be included in a composite return if they meet all of the following criteria:

- they are a nonresident individual, estate or trust or foreign C corporation,
- they have no other Montana source income (other than Montana source income from another partnership or

S corporation that is also electing to file a composite return on the shareholder's behalf), and

- they consent to be included in the return by providing the S corporation with a written power of attorney, authorizing the S corporation to file and act on their behalf.

6 Who has to sign the tax return?

Form CLT-4S has to be signed and dated by the president, vice president, treasurer, assistant treasurer, chief accounting officer or any other officer duly authorized to sign the tax return. Form CLT-4S is not considered to be complete unless it is signed. Unsigned tax forms will delay the processing of the S corporation's return. If the S corporation has paid someone to prepare the Form CLT-4S, the paid preparer's PTIN or SSN, name, address and telephone number has to be included on the tax return.

7 Can the S corporation get an extension of time to file its information and composite tax return?

Yes. To receive an extension, the S corporation has to mark the extension indicator box on Form CLT-4S, page 2, and include a copy of its federal extension Form 7004 with its completed Montana S corporation return. Do not send copies of the federal extension before the S corporation files its Montana S corporation return.

The automatic extension is six months. This extends the time for filing Form CLT-4S with its supporting schedules, and Form PT-AGR, if applicable.

Important

An extension of time to file is not an extension to pay. If the S corporation does not pay the amount of tax due by the original due date, it will owe interest and penalties on any balance due.

8 What does the box that asks "May the DOR discuss this tax return with your tax preparer?" mean?

If the S corporation marks "Yes," we can discuss any concerns that we might have with the 2011 tax return—a missing schedule, for example—with the S corporation's tax preparer. If the S corporation does not mark the box, we cannot discuss the return with anyone but the officer who signed the return or someone to whom the S corporation has given a power of attorney that allows us to discuss the return with them.

If "Yes" is marked on a return by the S corporation, the S corporation is authorizing us to call the tax preparer to answer any questions that arise while we are processing the 2011 tax return.

By marking the box the S corporation is also authorizing us to:

- Request that the tax preparer give us any information that is missing from the return.

- Respond to the tax preparer's call to us for information about the processing of the S corporation's return or the status of its refund or payment(s).
- Discuss certain notices from us about math errors, offsets, and return preparation. Note: The department will only send notices directly to the S corporation, not to the tax preparer.

The S corporation is not authorizing the tax preparer to receive any refund check, bind the S corporation to anything (including any additional tax liability), receive any information about any other tax year or tax matter, or otherwise represent the S corporation before the department.

Please be aware that this authorization cannot be revoked. The authorization will, however, automatically end no later than the due date, without regard to extensions, for filing the next year's (2012) tax return. This is March 15, 2013, for most S corporations.

If the S corporation wants to expand or change the tax preparer's authorization (for example, to verify any estimated payments it will be making in the future), it can use Form POA, Power of Attorney, Authorization to Disclose Tax Information. Form POA is available at revenue.mt.gov.

9 What options does an S corporation have to file its information and composite tax return electronically?

- File the Montana Form CLT-4S FREE through our website. For more information, please visit revenue.mt.gov. Please note that this service only applies to the Montana S corporation information and composite tax return; the S corporation may still have to file a federal tax return.
- File the state and federal tax returns at the same time through a tax professional who is an Authorized IRS E-file Provider.

10 What options does an S corporation have to pay its Montana taxes electronically?

The S corporation can pay its Montana taxes electronically by using any of the following methods:

- Electronic funds withdrawal when e-filing the joint federal/state tax return. There is no fee for an electronic funds withdrawal.
- E-checks - there is no fee for an e-check payment.
- Credit/debit cards - a small fee is applied for a credit card payment.

11 What is the interest rate on unpaid taxes?

The current interest rate of 8% for individual income tax and composite income tax will continue to be in effect through December 31, 2012. Under Montana law, the daily accrual interest rate for all unpaid income taxes depends on the rate set by the IRS and may fluctuate each year, but will not be less than 8%.

12 If the S corporation files its information and composite tax return electronically, what information must be sent in and what documents must be retained?

If the S corporation files its return electronically, it does not have to mail in a paper copy of the return, any accompanying federal Form(s) 1099 or any other Montana supplemental forms. When the S corporation files its return electronically, it represents that it has kept all the required documents as part of its tax record and that it will provide copies if we ask for them. The signer also does not have to sign a copy of the return and submit it to us. The act of completing and filing the return electronically is considered an authorized signature from the signer.

13 If the S corporation is mailing its information and composite tax return, where does it send the return?

If the S corporation chooses not to file electronically, please mail the return to:

Montana Department of Revenue
PO Box 8021
Helena, MT 59604-8021

14 How does an S corporation amend its tax return?

If the S corporation discovers that its return was incorrect, it has five years from the due date of the original tax return to file an amended Montana S corporation return.

Use Form CLT-4S to amend an original tax return. Mark the box "Amended Return" on the form. Please include the applicable forms and statements that can explain in detail all the reason(s) for amending the tax return. Complete the entire Form CLT-4S using the corrected amounts.

If the amended tax return results in a change to income or a change in the distribution of any income or other information provided to any shareholder, the S corporation will also need to file any amended Montana Schedules K-1 along with its amended Form CLT-4S. The S corporation has to give a copy of the amended federal Schedule K-1 and Montana Schedule K-1 to each shareholder.

Important

If the S corporation files an amended tax return that reflects an increased tax liability, it may have the late payment penalty waived. Simply mark the "Amended Return" box on the tax form and pay the tax and applicable interest in full when the S corporation files the amended return. By marking this box and paying all tax and interest in full, the S corporation is requesting a waiver of the late payment penalty.

If the IRS changes or makes corrections to the S corporation's federal Form 1120S or if the S corporation amends its federal tax return, the S corporation must file an amended Form CLT-4S. The amended CLT-4S needs to be filed within 90 days after receiving the IRS's notification of the corrections made to its federal Form 1120S or filing its amended federal tax return. Please include a copy of the S

corporation's federal corrections or amended Form 1120S with the amended Form CLT-4S.

15 Can S corporations have net operating losses?

No. Shareholders use their separate shares of the S corporation's business income and business deductions to figure their net operating loss (NOL). Shareholders who elect to be included in the composite tax return lose their ability to use their share of the income and deductions for Montana NOL purposes.

16 How does a multistate S corporation apportion its business income?

Montana requires each multistate S corporation to determine the income from its operations reportable to Montana using the Multistate Tax Compact guidelines. "Business income" is apportioned using three, equally weighted factors: the property factor, the payroll factor and the sales factor. Complete and include Schedule I with the S corporation's information and composite tax return. Items of nonbusiness income from an S corporation's operations are allocated to a state as provided in the Multistate Tax Compact guidelines.

17 How does an S corporation determine which income is business income?

Income has to be properly classified as business or nonbusiness income based upon factual evidence. The burden of proof is on the S corporation to justify the manner in which the income is claimed on the tax return.

Interest income is business income when the note or obligation with respect to which the interest was received, arose out of, or was created in the regular course of, the taxpayer's trade or business operations.

Dividends are business income when the stock with respect to which the dividends are received, arose out of, or was acquired in the regular course of, the taxpayer's trade or business operations. If the S corporation engages in the ownership, sale or other disposition of investments regularly and as part of the ordinary course of its business, then income arising from such transactions is presumptively business income.

Gain or loss from the sale, exchange or other disposition of real, tangible or intangible personal property constitutes business income if the property, while owned by the taxpayer, was used in the taxpayer's trade or business or was included in the apportionment factor.

Rental income from real and tangible property is business income if the property with respect to which the rental income was received, is used in the taxpayer's trade or business, incidental to the trade or business, or includable in the property factor.

If the S corporation owns an interest in a pass-through entity, the distributive items that the S corporation receives from the pass-through entity are not apportioned. Their status as Montana source income is determined by the pass-through entity that generated the income as part of

its own operations and this Montana source income is allocated to Montana.

18 How does an S corporation allocate its nonbusiness income and the distributive items it receives from a pass-through entity?

An S corporation allocates to Montana nonbusiness income from its operations that is sourced to Montana and distributive items of Montana source income that it receives from a pass-through entity in which it has an ownership interest.

Nonbusiness income means all income other than business income. The S corporation can review our apportionment and allocation rules in Title 42, chapter 9 and 26 of the Administrative Rules of Montana. The rules are available on our website at revenue.mt.gov.

The character of income (loss) as business or nonbusiness income and as Montana source income is determined by the pass-through entity that generated it. The distributive items of Montana source income that the S corporation receives from another pass-through entity retain their character as Montana source income and are not included by the S corporation in its business income subject to apportionment or otherwise subject to recharacterization by the S corporation.

19 How does an S corporation determine what income is sourced to Montana?

If the S corporation is doing business only in Montana, all of its income is Montana source income. Montana source income includes the separately and non-separately stated income, gain, loss, deduction or credit, or items of income, gain, loss, deduction or credit that it derived from a trade, business, occupation or profession carried on in Montana or that was derived from the sale or other transfer, or the rental, lease or other commercial exploitation of property located in Montana.

If an S corporation is doing business both inside and outside of Montana, Montana source income is the sum of the multistate business income that is apportioned to Montana, nonbusiness income that is allocated to Montana and all Montana source income of any pass-through entity which has been passed through, directly or indirectly, to the S corporation.

20 How long does an S corporation need to maintain its tax records after it has filed the Montana information and composite tax return?

The S corporation should keep all of its tax records for at least five years from the date that it filed the Montana information and composite tax return. S corporations should keep their property records and carryover information longer.
