**Who Has to File a Corporation License Tax Return?**

Every corporation engaged in business in the State of Montana—unless expressly exempted under 15-31-102(1), MCA—has to file an annual Montana Corporation License Tax Return. The term “corporation” includes associations, joint stock companies, common law trusts and business trusts that do business in an organized capacity, whether or not under and pursuant to state laws, agreements or declarations of trust.

A tax of 6.75% needs to be paid on the total Montana net income for the preceding fiscal or calendar year. Corporations that have a valid water’s edge election need to pay 7% of the total Montana net income. If your corporation has sustained a net loss, you will need to file a Montana Corporation License Tax Return. The minimum tax that a corporation has to pay is \$50. For a combined tax return, the minimum tax applies to each corporation with Montana activity.

**When Does a Corporation Need to File?**

The due date for calendar year taxpayers is May 15. The due date for fiscal year taxpayers is the fifteenth day of the fifth month after the close of the taxable year. Interest of 12% per year, calculated daily, accrues on any tax liability that you have not paid by the original due date of your tax return.

A corporation is allowed an automatic extension to file its tax return of up to six months following the prescribed filing date. Please see 15-31-111(3)(a), MCA. You are not required to apply for this extension.

**Where Should a Corporation File?**

Did you know that you can now e-file your Montana tax return? Montana participates in the joint federal/state electronic filing program. Please visit our website at [revenue.mt.gov](http://revenue.mt.gov) for information about electronic filing options.

If you file electronically, you do not have to mail paper copies of your return. When you file electronically, you

represent that you have kept all documents required as your tax record and will provide copies to the department if we ask for them. The act of completing and filing electronically is considered an authorized signature.

If you chose not to file electronically, please mail your tax returns to:

Montana Department of Revenue  
 PO Box 8021  
 Helena, MT 59604-8021

**Part I – Filing Method**

All corporations must complete lines 1 through 3 of this part. If you check “Yes” to lines 2 or 3, you must complete lines 4 and 5 of this part.

**Line 1** – Check this box if you are exempt from tax under the provisions of Public Law 86-272. Please refer to Administrative Rules of Montana, Section 42.26.501 for guidance about whether your corporation’s activities in Montana are protected under the provisions of Public Law 86-272. If your activities are protected, you still need to complete and attach Schedule K. If you check this box, skip to Part II if you are filing an amended return; otherwise, skip to Part III.

**Line 2** – Check the “Yes” box if you are a member of a consolidated group for federal purposes, either as a parent or a subsidiary. Check the “No” box if this does not apply to you.

**Line 3** – Check the “Yes” box if you are filing a combined return for Montana purposes (see explanation below). If you check the “Yes” box, you must enter the number of entities with activity in Montana for this return. Check the “No” box if you are not filing a combined return.

What is a combined return? If your corporation engages in a particular trade or business with one or more unitary corporations, you will have to file a combined tax return in which you apportion the entire business income from such trade or business. Please see 15-31-305 through 15-31-311, MCA. All unitary affiliated corporations that are owned more than 50% are required to be included in your combined report. A business is unitary when the operations of that business within the state depend on or contribute to the operations of that business

outside the state. If you are filing a combined return for Montana purposes, complete and attach Schedule K (see instructions on pages 6 through 7 of this booklet). In addition, if you have more than one corporation with Montana activity, you will also need to complete and attach Schedule K-Combined (see sample on page 7 of Form CLT-4) in support of the Schedule K.

**Line 4** – If you answered “Yes” to questions 2 or 3 of this part, check the box that indicates the filing method that applies to your company, and complete and attach a Montana Schedule M. Your corporation has to qualify in order to file under methods other than a combined method. The same filing method should be used from year to year.

- a. Separate Company** – Check this filing method if your corporation is a part of a federal consolidated group but is filing a separate, proforma tax return for Montana purposes (non-unitary with the other members of the federal consolidated group). Note: If you attach a proforma federal Form 1120 to your Montana tax return, you also have to attach a signed copy of the federal Form 1120 prepared for your ultimate parent corporation.
- b. Separate Accounting** – Check this filing method if your corporation’s business operations in Montana are not unitary with your corporation’s business operations outside of Montana. All of your corporation’s income and expenses that are attributed to business operations within Montana have to be able to be separated from the total income and expenses of your corporation. You will also have to attach a detailed description of your Montana activity.
- c. Worldwide Combination** – Check this filing method if your corporation has a unitary relationship with its domestic and foreign subsidiaries. You will need to attach federal Forms 5471 for each controlled foreign corporation or a detailed schedule of your foreign income.
- d. Domestic Combination** – Check this filing method if your corporation has a unitary relationship with its domestic subsidiaries, and does not have 50% or greater ownership of a foreign subsidiary.
- e. Limited Combination** – Check this filing method if your corporation has excluded one or more of its subsidiaries from its combined unitary group. Include on your Schedule M all those subsidiaries (foreign and domestic) that are not included in this unitary group.
- f. Water’s Edge** – Check this method of filing only if your corporation has made a valid water’s edge election with the State of Montana. Multinational, unitary corporations that wish to file under the water’s edge method will have to file a written election within the first 90 days of the tax period

for which that election is to become effective. This election has to be approved by the department and it is binding for three consecutive taxable periods. If your corporation wishes to extend this election for another three-year period, it will have to file a new election within the first 90 days of the tax period for which the extension to this election is to become effective.

For tax periods that begin after December 31, 2003, corporations that make a valid water’s edge election have to include in their water’s edge group all of that group’s subsidiaries that are incorporated in tax havens. Please see 15-31-322(1)(f), MCA, for a list of these countries.

Those corporations filing under a valid water’s edge election must submit Schedule WE with their Montana Form CLT-4. Please refer to Schedule WE and its instructions on pages 11 through 12 of this booklet.

**Line 5** – If you answered “Yes” to questions 2 or 3 of this part, enter the name and FEIN of your ultimate parent corporation and attach pages 1 through 4 of the parent’s consolidated federal Form 1120.

## Part II – Amended Tax Return

Use this form to amend your original tax return. Indicate at the top of the form that this represents an amended filing and check the box that indicates the reason(s) why you are amending your tax return. Please attach the applicable forms and statements that can explain in detail all of your adjustments. Complete the entire form using the corrected amounts.

- Interest is not paid on a refund resulting from a net operating loss carry-back or carry-forward. Please see 15-31-119(9), MCA.
- Interest is computed on overpayments of tax or additional tax due at the rate of 12% per year.
- Statute of Limitations. For years beginning on or after March 13, 1997, a refund or credit for any tax return that you file within three years of its original due date can be allowed without regard to an extension of time to file. Please see 15-31-509(2), MCA.
- If you file an amended return that reflects an increased tax liability, you may not be required to pay the late payment penalty. We may waive the late payment penalty if you check the “Amended Return” box on the top left-hand corner of the tax form and pay the tax and applicable interest in full. By checking this box, you are requesting a waiver of the late payment penalty.

## Part III – General Questions (a-l)

Check the appropriate box. You will need to answer all of the questions. If you answer “Yes” to any of the questions (h-l), you will have to complete and attach Schedule M.

## Part IV – Reporting of Special Transactions

Check the appropriate box. You will need to answer all of the questions. If you answer "Yes" to any question, you will have to attach a copy of the applicable form.

**Declaration** – If any questions in parts I through IV are not answered or your return is not signed, your tax form may be returned to you to be completed.

### Montana Taxable Income and Net Amount Due

#### Line 1 – Taxable Income.

Enter on line 1 of your Montana tax return (Form CLT-4) the taxable income that you reported on line 28 of your federal tax return (Form 1120). Attach to your Form CLT-4 a complete copy of the signed Form 1120 that you filed with the Internal Revenue Service. If your Form 1120 is voluminous, please attach pages 1 through 4, along with the schedules that you used to compute your income and deductions and the supporting federal schedules for each of the following items, if applicable:

- Line 2 – Cost of Goods Sold and/or Operations
- Line 8 – Net Capital Gains (Schedule D)
- Line 9 – Ordinary Gains (Loss) (Form 4797)
- Line 10 – Other Income
- Line 17 – Taxes
- Line 19 – Charitable Contributions
- Line 26 – Other Deductions
- Form 1120-FSC – U.S. Income Tax Return of a Foreign Sales Corporation
- Form 8873 – Extraterritorial Income Exclusion
- Schedule M-3 – Net Income (Loss) Reconciliation for Corporations with Total Assets of \$10 Million or More
- Schedule N – Foreign Operations of U.S. Corporations

#### Line 2 – Montana Additions.

- a. The Montana corporation license tax and other state, local and foreign income taxes that have been deducted on your federal tax return have to be added back to your income on this line. Please see 15-31-114(1)(e), MCA. Please attach a breakdown of your federal Form 1120, line 17 taxes.
- b. Federal tax-exempt interest is taxable for Montana purposes and needs to be added to your income on this line. Please see 15-31-113(1)(a)(i), MCA.
- c. If you claim the qualified endowment credit on your tax return, the amount of contribution that you used to compute your credit needs to be added to income on this line. Please see 15-31-161, MCA.
- d. Corporations that are engaged in a unitary relationship with an international group are required

to make a worldwide combined filing. Enter any income or loss from your foreign parent, if applicable, and from all foreign subsidiaries that are included in the worldwide combined group on this line. Attach supporting schedules or your federal Form(s) 5471.

- e. Unitary filers need to enter the income or loss from unitary subsidiary corporations that are not included in their federal consolidated group. For example, subsidiary corporations in which members of the collective unitary group own more than 50% of that corporation need to be included on this line. Attach a copy of the federal Form 1120 and supporting schedules for the separately filed corporation(s).
- f. The federal extraterritorial income exclusion is not allowed for Montana tax purposes. Consequently, your federal deduction for extraterritorial income has to be added back on this line when you compute your Montana taxable income. Please attach federal Form 8873, Extraterritorial Income Exclusion and federal Schedule N, Foreign Operations of U.S. Corporations.
- g. Enter the amount from line 11 of your Schedule WE on this line. Schedule WE is on page 8 of Form CLT-4, and is also available on our website at [revenue.mt.gov](http://revenue.mt.gov).
- h. For water's edge filers only, enter any income or loss of unitary corporations incorporated in a tax haven country on this line. Attach a supporting schedule. Please see 15-31-322(1)(f), MCA.
- i. The federal capital loss carryover is not allowed as part of your allowable deduction for Montana corporation license tax purposes. Any amount of federal capital loss carryover that you used on your federal tax return has to be added back on this line when you compute your Montana taxable income.
- j. Attach to your Form CLT-4 a detailed breakdown of any other additions to your income and report it on this line.

Examples of other additions:

- Film Production Credit – If you claim a film production credit, you have to include the amount of the expenditures that you used to compute this credit in your income for the year you incurred this expenditure.
- Insure Montana Credit – If you claim a credit for insurance premiums paid during the year, you have to include the amount of insurance premiums that was used to compute this credit in your income for the year that you incurred the expense. The amount to include is two times the amount of the allowable credit. Please see 33-22-2006(4), MCA.
- Foreign Sales Corporation Income – If you owned a foreign sales corporation, you have to

include the total net income (before the federal exemptions) reported on each federal Form 1120-FSC in your calculation of Montana taxable income.

### Line 3 – Montana Reductions.

- a. Montana allows a deduction for Section 243 dividends at the same percentage as the federal deduction. This deduction should be reported on this line. For water's edge filers only, dividends received from 80/20 companies are allowed at 80%. Please see 15-31-325, MCA.
- b. Nonbusiness Income (for multi-state taxpayers only) – Business income means income arising from transactions and activity in the regular course of your trade or business. It includes income from tangible and intangible property if the acquisition, management and disposition of that property constitute integral parts of your trade or business operations. Gains or losses from the sale of capital or business assets, dividends, interest, rents, or royalties are business income unless they can be clearly classified as nonbusiness income. You will have to attach to your tax return a statement or schedule that describes the type of income and which explains in detail why you consider that income to be nonbusiness. Report all nonbusiness income on this line.
- c. You may deduct an additional 10% of the cost for the purchase of recycled material on this line. This amount is computed on Form RCYL. You will have to attach a copy of Form RCYL to your tax return. Please see 15-32-610, MCA.
- d. Multi-state corporations need to enter the income or loss of all their non-unitary corporations that are included in the federal consolidated group on this line.
- e. If you are using the water's edge method of filing, you will need to enter on this line the total of federal line 28 income or loss of all your 80/20 companies.
- f. You have to deduct capital losses in the year that you incurred those losses. Please see 15-31-114(1)(b), MCA. Enter the amount of capital loss that you incurred during the tax period that has not already been deducted on your federal tax return on this line. Please attach your federal Schedule D.
- g. Report on this line any other deductions that are allowable as you compute your Montana taxable income. Please attach a detailed schedule to your tax return.  
Examples are:
  - o The amount of contributions made by a small business to its independent liability fund. Please see 33-27-117(1), MCA.

- o A portion of an investment made in a building for the purpose of conserving energy. Please see 15-32-103, MCA. To qualify, the building has to be used in the corporation's business and the result of the investment has to show a substantial reduction in the amount of energy needed to render the building usable.
- o Documented expenses for the donation of mineral exploration information to the Montana Tech Foundation. Please see 15-32-510, MCA.

**Line 4 – Adjusted Taxable Income.** Add lines 1 and 2, then subtract line 3; enter total on this line.

**Line 5 – Income Apportioned to Montana.** Multi-state taxpayers should multiply the amount reported on line 4 by the apportionment percentage from Schedule K, line 5. Enter the result on this line.

**Line 6 – Income Allocated Directly to Montana.** Multi-state taxpayers should report on this line any income that is allocable to Montana. Attach a detailed description and applicable supporting schedules.

**Line 7 – Montana Taxable Income Before Net Operating Loss.** Add lines 5 and 6; enter the result on this line, or enter the amount shown on line 4. If you incurred a net operating loss, enter a negative amount. This loss first has to be carried back to the three preceding taxable periods prior to the year of loss. Please see 15-31-119, MCA.

If you elect to forego the entire carry-back period, check the "Yes" box on this line. Once you make this election to forego the carry-back, that election is irrevocable for the year that you make it. If you report a net loss on line 7 and do not check either box, or check both boxes, that loss has to be carried back.

**Line 8 – Montana Net Operating Loss Carryover.** If line 7 is a positive amount, the loss that you claim on line 8 cannot exceed the amount of income that you reported on line 7. If line 7 is a negative amount, enter \$0 on line 8. If you have sustained a Montana net operating loss in a preceding year, you can apply the remaining loss against the income that you reported on line 7. You can carry forward any net operating loss that you incurred for seven taxable periods following the year of that loss. If you claim a Montana net operating loss deduction on line 8, attach a detailed schedule of your net operating loss carryover.

If you are filing a combined tax return and have more than one corporation active within Montana, you need to compute the net operating loss on a separate entity basis. Schedule K–Combined on page 7 of the Form CLT-4 is a sample of the format to calculate the separate entity net operating loss. An acceptable template of Schedule K–Combined, in Excel format, is available on our website at [revenue.mt.gov](http://revenue.mt.gov). Use the instructions on pages 10 through 11 of this booklet to complete Schedule K–Combined.

If you are claiming a net operating loss carryover deduction from a prior period, you will need to provide the loss detail calculated on a separate entity basis.

**Line 9 – Montana Taxable Income.** Subtract any loss reported on line 8 from line 7 and enter the Montana taxable income on this line.

#### Tax Due

**Line 10 – Montana Tax Liability.** Multiply line 9 by 6.75% (7% for corporations filing under a valid water's edge election) and enter the total on this line. Your Montana tax liability cannot be less than \$50, with the exception of the alternative tax. Please see 15-31-121(3), MCA. The \$50 minimum tax applies to each corporation having activity in Montana, regardless of whether the company has a net operating loss. Therefore, line 10 cannot be less than \$50 times the number of companies with Montana activity.

#### Alternative Tax

You may elect to pay a tax of 0.5% on the gross sales that you made in Montana in lieu of paying the corporation license tax that is based on your net income. You may make this election if you meet all of the following criteria:

- Your only activities in Montana consist of sales,
- Your Montana activities do not include owning or renting real or tangible personal property, and
- The dollar volume of gross sales that you made during the tax year within Montana did not exceed \$100,000.

If you elect to pay the alternative tax, check the box on line 10 and enter your calculated tax liability. Attach a detailed breakdown of this calculation.

#### Line 11 – Payments.

- a. 2008 Overpayment** – If you made an overpayment of your 2008 tax that has not been refunded previously, you can claim it as a credit on this line.
- b. Tentative Payment** – You can elect to make a tentative payment of tax by attaching a remittance to the Montana Corporation License Tax Payment Voucher, inserted in this booklet. Please make your check payable to the Montana Department of Revenue. Be sure to reference your federal employer identification number (FEIN) and tax year on the memo line of your check. If you made a tentative payment, enter the amount on this line.
- c. Quarterly Estimated Tax Payments** – If you made quarterly estimated payments during 2009, enter the total of those payments on this line.
- d. Montana Mineral Royalty Tax Withheld** – Effective January 1, 2008, royalty payments made to owners of Montana mineral rights are subject to state income tax withholding. This withholding should not be confused with the amounts deducted from your royalty payments for production taxes. Enter

the total amount of Montana royalty withholding on this line. Please attach Form(s) 1099. For more information, please visit the "Mineral Royalties" link at [revenue.mt.gov](http://revenue.mt.gov).

- e. Montana Tax Withheld from Pass-Through Entities** – If Montana tax was withheld on your behalf by a pass-through entity in which you held an interest in, enter the total amount of tax withheld on this line. Please attach the Montana Form(s) PT-WTH.
- f. Other Payments** – Please include any payment that you did not report above. Enter a description of the type of payments included on this line.
- g. Refunds Previously Issued** – If this is an amended return, and you received a refund when you filed your original tax return or a previous amended tax return, include the amount of the refund on this line. Do not include overpayments applied to 2010 on this line. This amount needs to be entered on line 14.

Add the payments reported on lines 11a through 11f and then subtract line 11g. Enter the total payments on this line.

**Line 12 – Credits.** From Schedule C, column C, enter the total credits on this line. To claim any credit on Form CLT-4, you need to attach a completed copy of Schedule C and the prescribed forms and/or detailed schedules for the credits that you claim. Please see the instructions for Schedule C on pages 7 through 10 of this booklet.

**Line 13 – Tax Due or Overpayment.** Add lines 11 and 12, then subtract from line 10 and enter the result on this line. Your tax is due by the fifteenth day of the fifth month following the close of the taxable year. If you choose the automatic extension of up to six months, the tax plus any applicable penalty and interest is due when you file your tax return. Please note that the automatic six-month extension to file is not an extension to pay.

**Line 14 – Overpayment Credited to 2010 Estimated Tax.** Indicate the amount, if any, of the overpayment you wish to be applied to your 2010 estimated tax. If you are filing an amended return, enter the amount of overpayment applied as requested on the original return or previously amended return on this line.

**Line 15 – Net Tax Due or Overpayment.** Add lines 13 and 14; enter the result on this line.

**Line 16 – Interest.** When you do not pay your tax by the original date that it is due, interest on the tax due accumulates at the rate of 12% per year until the tax is paid. Interest will be calculated at 12% per year, calculated daily on the unpaid tax. Your taxes are due by the fifteenth day of the fifth month following the close of the taxable year.

**Line 17 – Estimated Tax Underpayment Interest.** If your tax liability is \$5,000 or greater, you have to make quarterly estimated payments. Please see 15-31-502,

MCA. Interest will be charged at 12% per year on any underpayment. Please see 15-31-510, MCA.

Compute the estimated tax underpayment interest, if applicable, on Form CLT-4-UT and attach a completed copy to your tax return. Enter the amount of interest on this line. If you use the annualized/seasonal method to compute the interest, check the box on this line and attach a copy of the federal Form 2220 that you filed with your federal tax return. Form CLT-4-UT and its detailed instructions are available on our website at [revenue.mt.gov](http://revenue.mt.gov).

### Line 18 – Penalty.

- a. Late Filing Penalty** – If you do not file your tax return with the department by the due date (including any extension of time), you will be subject to a late filing penalty of \$50 or the amount of the tax that was due, whichever is smaller. If you have made an overpayment of your tax, no late filing penalty will be charged.
- b. Late Payment Penalty** – If you do not pay your tax liability by the original date that it is due, you will be charged a late payment penalty of 1.2% per month or fraction of a calendar month on any unpaid tax. This penalty cannot exceed 12% of your tax due. The late payment penalty is calculated from the original due date of your tax return. Please note that the automatic six-month extension to file is not an extension to pay.

**Line 19 – Total Due or Overpayment.** Add any applicable interest or penalties that you reported on lines 16, 17 or 18 to the liability that you reported on line 15.

- a.** If the result is positive, enter the amount due on this line. You can pay the amount you owe by:
- e-filing your return and requesting electronic funds withdrawal,
  - visiting our website at [revenue.mt.gov](http://revenue.mt.gov) to enroll in Business Tax Express, a free service that allows your company to pay corporation license tax online, or
  - sending your payment, along with the completed Montana Corporation License Tax Payment Voucher that is inserted in this booklet, to: Montana Department of Revenue, PO Box 8021, Helena, MT 59604-8021.
- b.** If the result is negative, enter the amount of refund that you are requesting on this line. Please check the “Refund Return” box located on the top left hand corner of page 1 of Form CLT-4.

If you would like to use direct deposit, enter your financial institution’s routing number (RTN#) and your account number (ACCT#) in the space provided. Your routing number will be nine digits and your account number can be up to 17 characters, including numbers and letters. Mark whether your

account is a checking or savings account and if your refund will go to a bank outside of the United States and its territories (Midway Islands, Puerto Rico, American Samoa, US Virgin Islands, Federated States of Micronesia, and Guam).

If your financial institution does not accept the direct deposit, we will mail you a refund check.

**Please Note** – Your tax return may be sent back to you to be completed if it is not signed by an officer of the reporting entity, or if it is not completed in its entirety.

### Instructions for Schedule K

Schedule K applies only to multi-state taxpayers. All multi-state taxpayers have to complete and attach the Schedule K to their Montana Form CLT-4. In addition, if you have more than one company with Montana activity, you will need to compute each company’s apportionment factor on a separate entity basis. Schedule K-Combined on page 7 of Form CLT-4 is a sample of the format for calculating the separate entity apportionment factor. An acceptable template of Schedule K-Combined, in Excel format, is available on our website at [revenue.mt.gov](http://revenue.mt.gov). Use instructions on pages 10 through 11 of this booklet to complete the Schedule K-Combined.

In most cases, multi-state taxpayers have to compute their Montana taxable income by means of the apportionment factor calculated on Schedule K. The apportionment factor is the standard UDITPA (Uniform Division of Income for Tax Purposes Act) three-factor formula of property, payroll and sales used by most states with a corporate tax based on net income.

When a corporation is engaged in a unitary business within and without Montana, the net income assignable to Montana has to be determined using the apportionment factor. A business is unitary when the operations of that business within the state depend on or contribute to the operations of that business outside the state. Schedule K has to be completed fully by every corporation that carries on a unitary business within and without the state. If you have determined the income that you attribute to Montana on some basis other than the apportionment method, you will need to include a full and detailed description of your business operation along with an explanation of the method that you used. Even if the Department of Revenue pre-approves an alternative method of determining your taxable income, you will still need to complete and submit Schedule K.

The following is a detailed explanation of how to calculate the apportionment factor. To calculate each of the factors, use the following formula: column B divided by column A, times 100. Round out to at least the fourth decimal (example: 25.5555%).

**Property Factor (Line 1, Schedule K)** – Please see 15-31-306, MCA. The property factor is a fraction.

The numerator is the average value of the taxpayer's real and tangible personal property owned, leased or rented and used in Montana in the production of business income during the tax period. Enter the numerator values in column B of Schedule K. To the extent that it is utilized in Montana, migratory property has to be included in the numerator.

The denominator is the average value of all the taxpayer's real and tangible personal property owned, leased or rented and used in the production of business income during the tax period. Enter the denominator values in column A of Schedule K.

Property owned by the taxpayer is valued at its original cost. Real and tangible personal property that is used in the business includes land, building, machinery, equipment, stocks of goods, inventories, depletable assets and other tangible property actually used in connection with the production of the business income to be apportioned. It does not include money, accounts receivable or other intangible property, or real property that is held for nonbusiness purposes.

Unless otherwise required, the average value of owned property has to be determined by averaging the values at the beginning and ending of the tax period.

All property that was rented has to be valued at eight times the net annual rental rate. Rental expense cannot be averaged. You have to use your rental expense for the current year in the property factor.

**Payroll Factor (Line 2, Schedule K)** – Please see 15-31-308, MCA. The payroll factor is a fraction.

The numerator is the total amount that you paid for compensation attributable to the production of business income during the tax period in Montana. Enter the numerator values in column B of Schedule K.

Payroll is considered to be paid in Montana if:

- the base of operations is in Montana.
- there is no base of operations and the place from which the service is directed or controlled is in Montana.
- the base of operations or the place from which the service is directed or controlled is not in a state where some part of the service is performed but the person who provides the service is located in Montana.

The denominator is the total amount that you paid for compensation attributable to the production of business income during the tax period. Enter the denominator values in column A of Schedule K.

**Sales Factor (Line 3, Schedule K)** – Please see 15-31-310, MCA. Sales mean all gross receipts of the taxpayer exclusive of nonbusiness income and inter-company transactions. The sales factor is a fraction.

The numerator is the taxpayer's total sales in Montana during the tax period. Enter the numerator values in column B of Schedule K.

Sales of tangible personal property are in Montana if:

- the property is delivered or shipped to a purchaser in Montana, other than the United States government, or
- the taxpayer is not taxable in the state of the purchaser.

Sales other than sales of tangible personal property are in Montana if:

- the income-producing activity is performed in Montana, or
- the income-producing activity is performed both inside and outside Montana and a greater proportion of the income-producing activity is performed in Montana than in any other state, based on costs of performance.

The denominator is the taxpayer's total sales everywhere during the tax period. Enter the denominator values in column A of Schedule K.

**Sum of Factors (Line 4, Schedule K)** – Add lines 1, 2 and 3 in column C. Enter the result on line 4 in column C.

**Apportionment Factor (Line 5, Schedule K)** – Divide line 4 by the number of factors present. A factor is present if you have a value in column A for property, payroll, or sales. Enter the apportionment factor on line 5 of Schedule K and also enter it on line 5, page 3 of Form CLT-4, rounding it out to at least the fourth decimal (example: 25.5555%).

## Instructions for Schedule C – Tax Credits

You have to attach a completed copy of Schedule C – Tax Credits and the required credit forms or detailed supporting schedules to your Form CLT-4 in order to offset any tax liability by these credits.

Calculate the total credit available for each line. Column A is the amount of tax credit earned during the current period. Column B includes the amount from column A plus any tax credits allowed to be carried over from other tax periods and that have not yet been used. Column C is the amount of tax credit that you can use for the current period.

**Please Note:** Credits must be applied on a separate entity basis, except for the Contractor's Gross Receipts Tax Credit. Refer to line 6h of the Schedule K-Combined for your separate entity tax liability.

contaminated by hazardous wastes. Please see 15-32-602 and 15-32-603, MCA. This credit is a percentage (5% to 25%) of the cost of the property used in Montana, before consideration of trade-in equipment. An exception to this is that the basis will be reduced by any trade-in for which this credit has previously been taken. The credit is limited to the current year tax liability and cannot be carried over.

**Line 6 – Alternative Energy Production Credit**

**(Form AEPC).** A credit is available to alternative energy producers. Please see 15-32-402, MCA. The credit is 35% of the eligible costs associated with the purchase, installation or upgrading of generating equipment, safety devices and storage equipment, transmission lines necessary to connect with existing transmission facilities, and transmission lines necessary to connect directly to the purchaser of the electricity when no other transmission facilities are available. To support the credit that you claim, attach a schedule or statement including the contract name (and number, if any), location, general description (for example: building, road, bridge, etc.), name of awarding agency, name of prime contractor and the amount of gross receipts tax paid, as well as the amount that has been applied to personal property taxes. If you file on an accrual basis, the credit that you claim has to be taken in the year that you reported it for federal tax purposes. The appropriate percentage that you used when you calculated your credit has to be determined by the actual date that your gift was made.

Attach Form QEC and your verification requirements for any planned gift or outright charitable gift made to a qualified endowment. See instructions on Form QEC for verification requirements. If you are filing a combined return and have more than one company with Montana activity, you will need to compute each company's apportionment factor on a separate entity basis. Only include those companies with activity in Montana. Enter the totals of the Schedule K-Combined on the Schedule K. An acceptable template of Schedule K-Combined, in Excel format, is available on our website at [revenue.mt.gov](http://revenue.mt.gov).

#### **Completing the Schedule K-Combined**

Please refer to the instructions for Schedule K on pages 6 through 7 of this booklet for the calculation of the property, payroll, and sales factors.

Everywhere Activity is the total amounts of the combined group for Montana purposes. The amount in column A of Schedule K-Combined should be the same amount reported in column A of Schedule K.

In each column under Montana Separate Entity Activity, enter the Corporation Name and FEIN of each entity with Montana activity. Do not include companies with no Montana activity. The Grand Total of Montana Columns is the total Montana activity for the combined group. These amounts need to be reported on column B of Schedule K.

**Line 5 – Apportionment Factor.** The total percentage on line 5b in column C of the Schedule K-Combined should be the same percentage reported in line 5 in column C of the Schedule K.

**Line 6 – Montana Taxable Income.**

- 6b.** Multiply each column's separate entity apportionment factor by the combined group's Montana taxable income.
- 6c.** Income directly allocated to Montana should be included under the entity in which this income is related to.
- 6d.** Add lines 6b and 6c; enter the result on this line.
- 6e.** Enter the net operating loss carryover for each separate entity. The net operating losses carried over must be calculated in the same manner using the Schedule K-Combined for each prior year. **Instructions for Schedule WE****Who needs to fill out Schedule WE?**

If you have a valid water's edge election, you need to fill out Schedule WE. A water's edge election allows you to apportion your worldwide income to this state using only certain affiliated corporations. When you file a return using the water's edge method, you include corporations based upon attributes such as the location of the corporation's payroll and property, and the percentage of ownership that you have in the corporation. Please see 15-31-322, MCA.

**Part I. Water's Edge Election**

If you wish to compute your income attributable to Montana sources on a water's edge basis, you have to file a written election with us within the first 90 days of the tax year in which it is to become effective. Each election binds you for a three-year renewable period.

A written election needs to be filed for each three-year period, and must be submitted within the first 90 days of the tax period for which your subsequent election is to become effective. In order to revoke the election, you must make a request and receive our written permission to do so.

On line 1, enter the tax periods for which a valid water's edge election has been approved by the department.

**Part II. How to Calculate the Deemed Dividends Received from Corporations Incorporated Outside of the United States**

An 80/20 company is not eligible to be included in a water's edge filing group. A corporation that is incorporated in the United States that has more than 80% of the average of its payroll and property assignable to a location outside the United States is commonly referred to as an 80/20 company.

The water's edge combined return includes only the income and apportionment factors of the members of the unitary group that meet the criteria set forth in 15-31-322, MCA, and summarized below. If your affiliated entity meets any one of these criteria and is unitary, it is included in your combined return. If your affiliated entity does not meet any of these criteria, it is excluded from your combined return.

- An affiliated entity that:
  - is incorporated in the United States,
  - is in a unitary relationship with you,
  - has less than 80% of its payroll and property assigned to locations outside the United States, and
  - is eligible to be included in a federal consolidated tax return as described in 26 U.S.C. 1501 through 1505, with the exception that the 80% ownership requirement described in 26 U.S.C. 1504 is reduced to ownership of more than 50% of the voting stock directly or indirectly owned or controlled by a member of the water's edge group.
- Domestic international sales corporations, as described in 26 U.S.C. 991 through 994, and foreign sales corporations, as described in 26 U.S.C. 921 through 927.
- Export trade corporations, as described in 26 U.S.C. 970 and 971.
- Foreign corporations deriving gain or loss from disposition of a United States real property interest to the extent recognized under 26 U.S.C. 897.
- A corporation incorporated outside the United States, if more than 50% of its voting stock is owned directly or indirectly by the taxpayer and if less than 80% of the average of its payroll and property is assignable to a location outside the United States.
- An affiliated entity that is in a unitary relationship with you and that is incorporated in a tax haven country. Please refer to Part IV, page 12 for additional details.

A portion of the after-tax net income of United States corporations that are excluded as 80/20 companies and the United States possession corporations described in Sections 931 through 934 and Section 936 of the IRC are considered dividends received from corporations that are incorporated outside of the United States.
