

Application for Tax Incentive Assessment of Energy Generating Property

Section 15-6-224, MCA
ARM 42.19.1104

To be applied to the appraised value of capital investments in recognized non-fossil forms of energy generation. This application must be completed and submitted to the local Department of Revenue office before the first day of March or within 30 days of receipt of an assessment notice, whichever is later.

County _____ Date _____

Name of Applicant _____

Address _____

I/we ask that an exemption be allowed pursuant to 15-6-224, MCA for the following installations. Please list and provide a brief description. _____

Located on land legally described as _____

The energy generating facilities were installed at an estimated cost of _____ between the following dates _____ and _____.

(Please provide documentation to support the cost listed.)

I/We understand this application and documentation will be reviewed to determine if there are allowable costs for installing the energy generating property. The costs for installing certain types of energy generating property will not be eligible for an exemption. Therefore, depending on the type of property installed, a determination will be made as to whether an exemption is applicable, and, if so, what portion of the \$20,000 (residential) or \$100,000 (commercial) exemption is to be granted. In no case will the amount of exemption exceed \$20,000 for a residential property or \$100,000 for a commercial property.
